

ENVIRONMENTAL POLICY STATEMENT

At Chemwaste Disposals Limited we are fully committed to providing a Waste Management & Disposal service that protects the environment & our customers.

We will manage our business in compliance with all applicable Health, Safety & Environmental Legislation and giving due consideration to industry “Best Practice”, we will ensure that all these areas are given parity with all other elements of our business.

We are continually striving to provide a safe & healthy environment for all personnel who work within, contractors or anyone that may be affected by our operations.

We will strive to develop eco-efficient working practices by reducing resource consumption and waste generation. Where possible we will recycle & recover our customers waste streams. We will understand & control the risks of our activities to prevent environmental pollution.

We will proactively work to provide a high quality of service, suitable for and compliant to requirements of our customers. We will pursue any opportunities to offer continual improvement by embracing best practice and offering innovative solutions.

All staff and contractors have been trained to appropriate levels to ensure they meet their responsibilities in safeguarding the environment.

This policy statement is publicly available and will be reviewed on an annual basis.
