

Summer Spin (BOM for July 2023)

Cut two contrasting strips 2" by WOF (Mary will have them available at the meeting)

Cut each strip into five 2" by 8" rectangles. Sew into two blocks consisting of five strips each, sewn together along the long side (alternating the two colors). Block 1 will have three of color A and two of color B. Block 2 will have two of color A and three of color B.

Use Magic Sizing/Best Press to stabilize the blocks when you press them as you will be cutting on the diagonal. Square the blocks to 8". Place both blocks right sides up, horizontally on the table. Cut on the diagonal from the top left to the bottom right. Arrange the cut triangles with the cut edge on the outside of the block. Be sure to alternate the triangles so that the two Block 1 triangles are on opposite ~~edges~~ edges.

Sew the block together. Press carefully to prevent stretching of the bias edge. Square to 10 1/2".
