

Mukwonago Crazy Quilters: Block of the Month May 2025
Star Surprise Block

____ Marked diagonal line

____ Cutting line

Fabrics: (Makes two blocks)

One 9-inch square each of a light print and a dark print for center of blocks.

Two 3 x 9-inch rectangles and two 3 x 14-inch rectangles each of white and black solid appearing fabrics for borders of blocks.

Construction: Using a $\frac{1}{4}$ -inch seam, sew a white border around the dark square and a black border around the light square. Press seams away from center of blocks. Mark a diagonal line from corner to corner on the wrong side of one block. Layer blocks together with wrong sides up with marked block on top. Make sure all edges are matching. Use a ruler and rotary cutter to cut 2- $\frac{1}{4}$ inches from both sides of marked diagonal line making a 4- $\frac{1}{2}$ inch wide center section. Swap the center section of blocks and sew back together making one block with a light center section and black border and one block with a dark center section and white border. Note that the ends of the seams will match but the seams in the center of the blocks will not match. Press seams away from center of blocks.
