

Mukwonago Crazy Quilters: Block of the Month June 2025

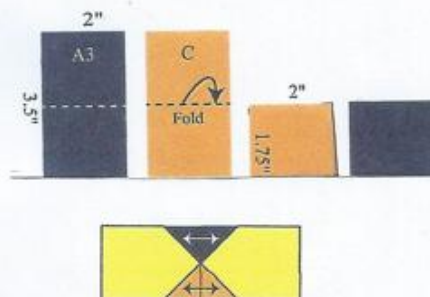

Sunflower 12-1/2-inch block unfinished. Do not trim block. Use 1/4 -inch seams throughout.

Finished Block

Leaf Unit

Flower Petal Unit

Leaf Unit- Fabrics: Dark solid (black shown): cut four 2 x 3-1/2-inch rectangles (A1) and cut four 2-inch squares (A2). Green (solid or print) cut four 2-inch squares (E).

Assembly: Sew a 2-inch green square to a 2-inch black square making a 2 x 3-1/2-inch rectangle. Sew this pieced rectangle to a black 2 x 3-1/2-inch rectangle to make a 3-1/2-inch square. Repeat to make a total of four.

Flower Petal Unit- Fabrics: Yellow print: cut eight 3-1/2-inch squares (B). Cut four 2 x 3-1/2-inch rectangles dark solid (black shown) (A3): Darker coordinating print: cut four 2 x 3-1/2-inch rectangles (C).

Assembly: Fold each 2 x 3-1/2-inch rectangle C in half with wrong sides together to make eight 1-3/4 x 2- inch rectangles.

Place a black folded rectangle on the top right corner (right sides together). Make sure raw edges are aligned and the folded edge is facing the center as shown. In the same way place a C darker coordinating print rectangle on the bottom right corner of the same square so that the folded edges meet. Place another 3-1/2-inch square on top with right sides together and outer edges matching. Pin to hold. Sew all layers together. Open layers to expose the folded rectangles. Use your fingers to spread the unstitched edges of each making two triangles. Press the folded triangle edges flat. Press seam on back open. Repeat to make a total of four flower petal units.

Center Unit- Fabrics: Brown or coordinating print cut one 6-1/2-inch square (F). Darker coordinating print (used in flower petal units) cut four 2-1/2-inch squares (D).

Draw a diagonal line from corner to corner on the wrong side of each of the 2-1/2-inch squares. Place a square with right sides together on each corner of the 6-1/2-inch square. Sew on the marked line of each square. Press each square open and trim 1/4-inch from stitching.

Assembly: Referring to diagram above for triangle placement, sew a corner unit to opposite ends of two petal units. Sew a petal unit to opposite sides of center square unit making three rows. Sew rows together to complete block. Press seams toward center unit.
