**About The Parklanders** [The Parklanders](#) is a local community music group based in Aspen Gardens. We have been performing and promoting live community music in Edmonton since 2015, in addition to local venues. Three years ago a League asked us to help promote CL membership. That event encouraged us to offer live community music to others. Our show is interactive, kid and family friendly, and affordable. *The Parklanders* are Tommy Barker and Gerry Bolding.
