PENTHOUSE™

DISPENSARY SPEAKEASY

The Penthouse Speakeasy pulls marijuana culture out of the basement, and elevates it into nostalgic luxury. Unwind and let the pressures of the real world melt away as you enjoy an extensive menu of quality cannabis products, with educated, professional budtenders who understand the science behind the herbs you desire. A mature, environment club reserved exclusively for those with a taste for the finer things.

The image shows two open cannabis strain guides on a wooden table. The left guide is titled "CANNABIS" and lists strains such as Mango, Trainwreck, Durban, Blue Lightning, Honeycomb Kush, XJ-10, Blue Dream, Platinum OG, and Blueberry Tumbler. The right guide is also titled "CANNABIS" and lists strains like Mango, Blueberry Kush, Shogun, Purple Can, Cherry Pie, Snow Diesel, Legends OG, and Chem Dog. Both guides include columns for THC%, CBD%, and other metrics. In the background, there are several small metal containers filled with cannabis buds.

PENTHOUSE™

DISPENSARY

Given the current domestic climate of acceptance and legalization, cannabis dispensaries are sprouting up like...well...weeds. However, many of them miss the real opportunity by employing uneducated potheads posing as pharmacists. The Penthouse Apple Store blends the level of personalized service once synonymous with the apothecaries of old, with the knowledge and care expected from the support team at an Apple Genius Bar. Whether your needs are for medical healing or simply recreational, our team of knowledgeable budtenders guide you to the right product(s) for your desired effect.

PENTHOUSE™

NEW YORK CITY

The city that never sleeps needs a place where people can check in and shutdown, even if only for an hour. PENTHOUSE™

LAS VEGAS

For most of us weekend warriors and trade show jockeys, the maximum time we can handle Las Vegas is 48 hours. Then the wheels start to come off. In a city committed to overstimulation, PH-LV serves as a much-needed oasis dedicated to helping you relax and recharge. Offering a wide variety of top-quality cannabis, this lounge is a lifeline to those looking to revive their overloaded senses to recover or, more likely, prepare for the next round of debauchery.

PENTHOUSE™

MIAMI

In a city oversaturated with beach-side bars, over-the-top clubs, and upscale everything, Penthouse Miami offers cannabis lovers a place where they can settle in amongst like-minded people and enjoy the quiet charm of the beach without having to worry about a 4-bottle minimum. Spacious, bright, chic, and colorful, PH-MIAMI hearkens back to the city's glory days when it was known as the Magic City.

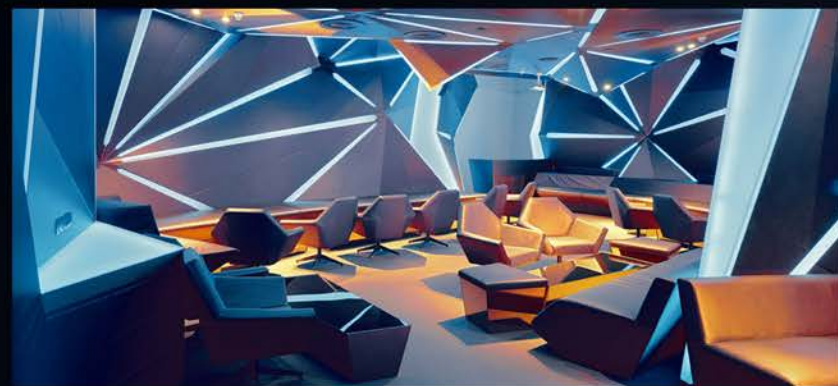

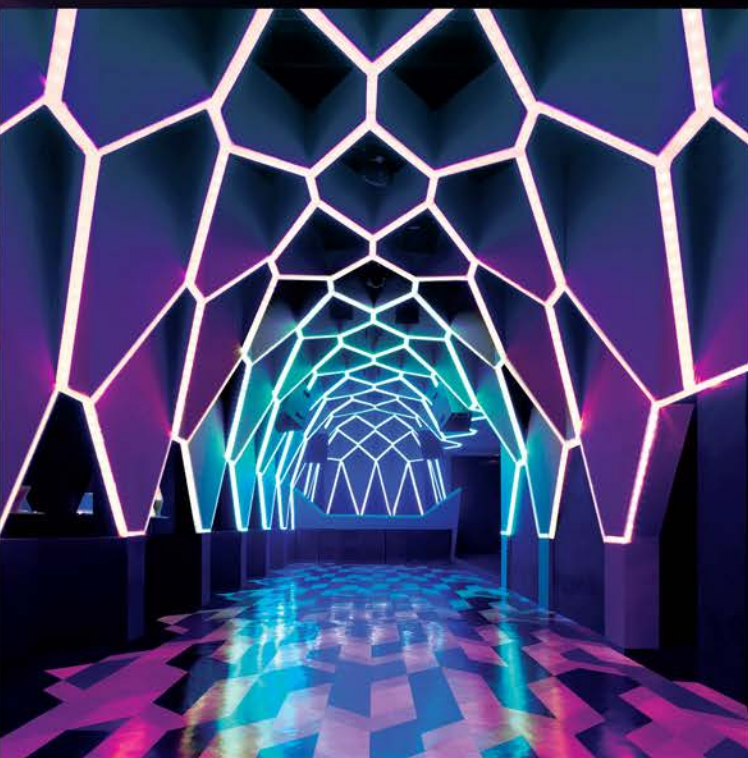

PENTHOUSE™
