

Hearts With Hope Scholarship

Hearts with Hope is a 501C(3) non-profit organization dedicated to helping Woonsocket High School Alumni in times of need. Our mission is to raise money to benefit Woonsocket High School Alumni and/or their immediate families who have been diagnosed with a serious medical condition or suffered a catastrophic life event and have demonstrated a need for financial assistance.

Founded in February of 2012, Hearts with Hope was the result of classmates from the Woonsocket High School Class of 1988, coming together and organizing fundraising efforts for fellow classmates diagnosed with cancer. Through their efforts to raise money to help pay for medical expenses, they were over-whelmed with the support they received from the community, both Novans and non-Novans alike.

Soon after, organizers were made aware that there were other Novans in need and it was decided to formally organize and attempt to help as many graduates of Woonsocket High School as possible.

Our organization is run solely by volunteers and community. We plan and run several events throughout the year in our efforts to raise funds and give back to our Novan community.

In 2022 we awarded our first ever Hearts with Hope scholarships and we are happy to announce that we will be awarding another scholarship in 2023. The scholarship in the amount of \$500 will be awarded to a graduating senior of Woonsocket High School who embodies our core values. We encourage any graduating senior who has been involved in their community and has shown a passion for volunteering to apply.

In a brief essay (approximately 500 words) or a 3-minute video tell us how you have exhibited the same values and love of community that we are looking for. Be sure to include documentation of any and all community service you have completed as well as 1 letter of recommendation from either a teacher, guidance counselor, school administrator or member of the community organization where your service hours were performed.

We believe that it is essential to lead by example and serve one's community. We hope to encourage others, particularly students, to do the same. The scholarship will be awarded to the student whose essay/video best describes their experienced commitment to community service and what their experience with community service has played and will play in their future plans.
