## ABOUT OUR COMPANY

**VELOSOLAR** is a dedicated family operated local installation company specializing in high-quality solar and security solutions.

Officially launched in February 2019 as a sole proprietorship, we have rapidly grown to serve customers nationwide, with our primary office strategically located in the heart of Parañaque City for easy access to our Luzon clientele.

In the third quarter of our operations, we expanded our reach by opening a pop-up office in Samboan, Cebu, to better serve our Visayas customers.

# MISSION

The company was established for the primary purpose of:

- Providing the most cost-effective solar power resource for the customer in all residential, commercial and industrial establishments.
- Promoting the use of solar energy and solar technology to all people who care to adapt this renewable energy source.
- Developing further the technology encompassing all applications related to the Sun's energy.

# VISION

To be the most reliable, sought-after technology provider in the solar industry.

- Focus on attracting customers for their solar needs in the most cost-efficient, win-win situation for both parties.
- Spearhead in the promotion and use of solar power in tri-media, social media and in any possible ways of communication to the community.
- Improve existing solar technologies by conducting research to improve use of equipment, installation, conversion and storage of sun's power.

# COMPANY VALUES

The Code of Ethics. We are unwavering in our commitment to integrity, honesty, and fairness.

- Security and Well-Being. We are committed to keeping people safe and providing a healthy working environment.
- High Level of Excellence. We are committed to doing our work correctly the first time.
- In the eyes of every customer and community, our reputation is based on the value we deliver.
- People as Individuals. We support one another by doing meaningful work, taking on challenging development opportunities, and pursuing rewarding careers. In our industry, we aspire to be the employer of choice.
- It's All About the Culture. We work hard to develop a diverse, inclusive, and collaborative workplace where all viewpoints are respected, transparency is encouraged, and collaboration and merit are valued. We take pride in what we do and how we do it, and we love it!
- Relationships are Quite Important. We establish trusting, respectful, and collaborative relationships with our customers, joint-venture partners, subcontractors, suppliers, and colleagues.
- The Desire to Think Outside the Box. We create and implement cutting-edge technology. We pay attention, read, and look for the best ideas. We combat complacency and aim for quality improvement.
- Long-term viability. By preserving local traditions, involving local people, and protecting the environment, we enhance the quality of life in the communities where we work.

# OUR TEAM

At **VELOSOLAR** we have an energetic and highly motivated team who enjoy completing projects to the highest level of the construction industry standards. Currently, we have a wide range of experience and skills to ensure we can successfully deliver on any project. A very high average employment duration signifies the devotion, reliability, experience, and commitment that customers can expect us to provide on every job we undertake.

At **VELOSOLAR** we fully believe the adage “Your staff are your most important asset.” We realize that the personal and professional development of our team is imperative in ensuring the successful delivery of projects, and thus the success of our business. We therefore invest in our staff through comprehensive training programs, mentoring, and coaching. The rewards of this philosophy are inevitably shared with customers through increased satisfaction and better quality service.

# COMPANY OBJECTIVES

1

## CREATIVE LEADERSHIP

- Consultative and customized approach.
- We remain up to date on industry trends to stay leading-edge. To have current materials, manufacturing, mounting methods and technology available to clients.
- Have a wide range of options and design skills to deliver unique solutions.

2

## PROCESS

- Ask questions to understand what the client wants. Take the time to understand the importance of what the client is trying to accomplish and then after solutions.
- We have established internal processes to deliver on commitments made.

3

## PASSION

- Work in an industry and environment that is flexible, fun and friendly.
- Ensure the customer's passion is reflected in the solutions provided.
- To continuously improve all areas of the company.

# OUR SERVICES

## **Solar Power Installation**

We provide comprehensive solar power solutions designed to reduce dependency on non-renewable energy sources. Our services include consultation, system design, installation, and maintenance, ensuring you receive the most efficient and effective solar energy system tailored to your needs.

## **Electrical Services**

Our team of skilled electricians offers a wide range of electrical services, including wiring, repair, and maintenance, ensuring that your electrical systems are safe, efficient, and up to date.

## **Fire Detection Alarm System (FDAS)**

Safety is paramount, and our Fire Detection Alarm Systems are designed to provide early warning and protect your property from fire hazards. We offer installation and maintenance services to ensure your system remains reliable and functional.

## **Electric Fence**

Our Electric Fence services offer an additional layer of security to deter intruders. We provide installation and maintenance of high-quality electric fencing solutions tailored to your specific needs.

## **CCTV Installation**

Our CCTV services offer advanced security solutions, providing peace of mind with reliable surveillance systems. We install and maintain high-definition cameras and monitoring systems to protect your assets and loved ones.

## **Automatic Gate Opener**

Enhance the security and convenience of your property with our Automatic Gate Opener services. We supply and install state-of-the-art gate automation solutions for residential and commercial properties.

## **Wireless Access Point System**

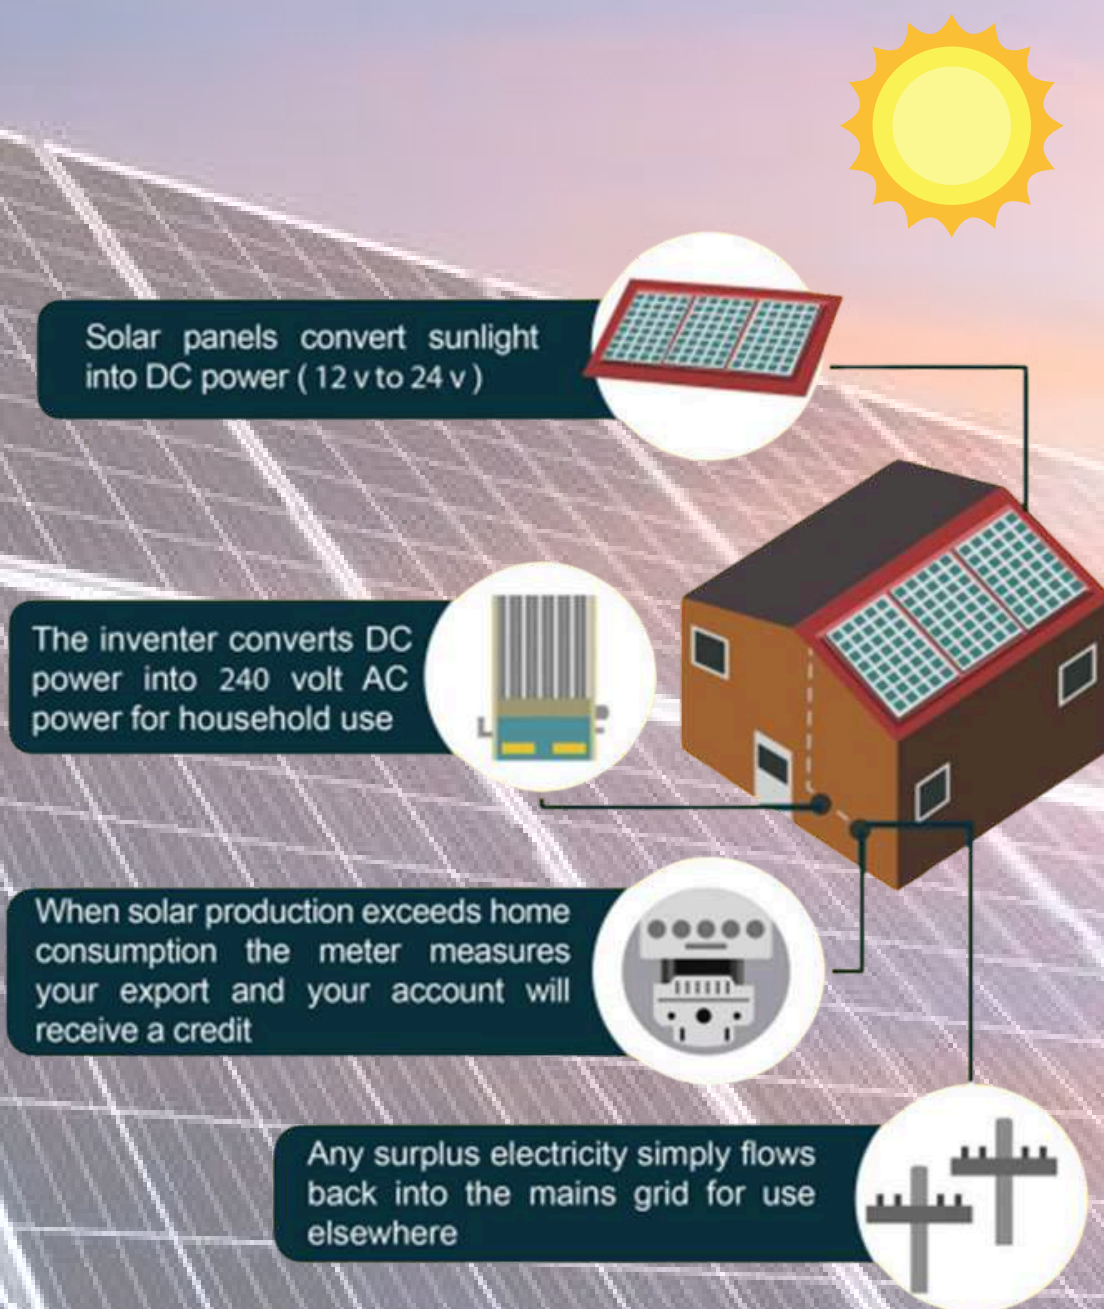

Keep your property connected with our Wireless Access Point System. We provide installation and management services to ensure robust and secure wireless connectivity across your premises.

## ***On-Grid System***

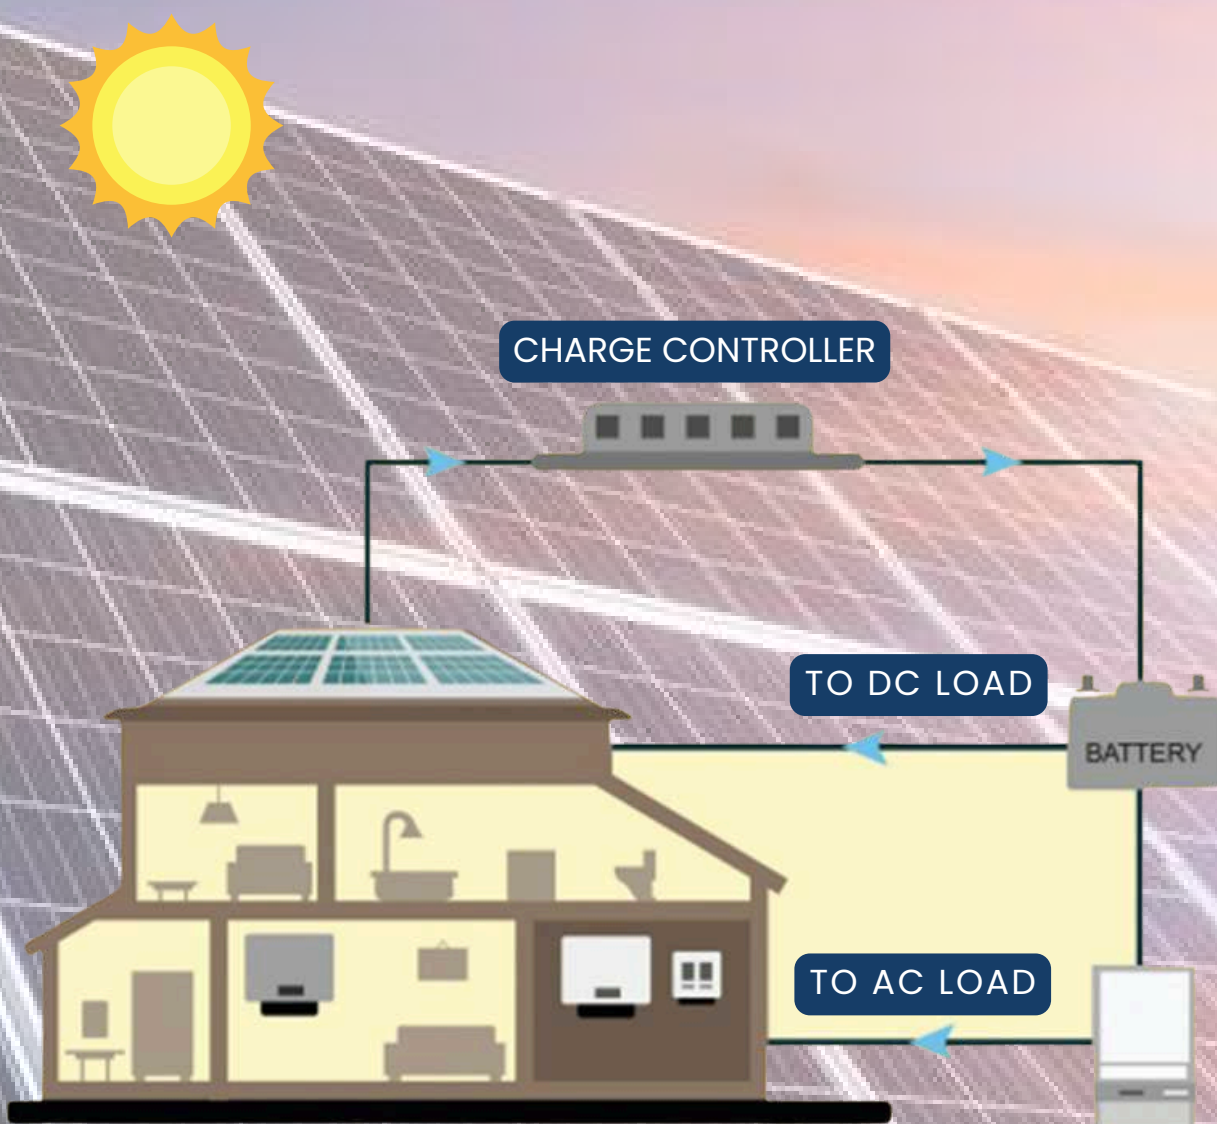

You don't have to worry about storing any energy; the grid will usually be there to make sure all the loads can run when the user wants them.

## *Off-Grid System*

Off-grid can be stand-alone power system or mini-grids typically to provide a smaller community with electricity.  
Off-grid solar power also stores DC electricity in batteries.

## Hybrid System

Hybrid solar systems generate power in the same way as a common grid-tie solar system but use special hybrid inverters and batteries to store energy for later use. This ability to store energy enables most hybrid systems to also operate as a backup power supply during a blackout, similar to a UPS system.

## CERTIFICATE OF INCORPORATION

KNOW ALL PERSONS BY THESE PRESENTS:

This is to certify that the Articles of Incorporation of:

### VELOSO SOLAR ENERGY OPC

were duly approved by the Commission on this date upon the issuance of this Certificate of Incorporation in accordance with the Revised Corporation Code of the Philippines (Republic Act No. 11232), which took effect on February 23, 2019 and copies of said Articles of Incorporation are hereto attached.

This Certificate grants juridical personality to this corporation but **DOES NOT AUTHORIZE it:**

A. To issue, sell or offer for sale to the public, securities such as but not limited to, shares of stock, investment contracts, debt instruments and virtual currencies without prior Registration Statement approved by this Commission;

B. To undertake business activities such as, but not limited to acting as: broker or dealer in securities, government securities eligible dealer (GSED), investment adviser of an investment company, close-end or open-end investment company, investment house, transfer agent, commodity/financial futures exchange/broker/merchant, financing/lending company, and time shares/club shares/membership certificate issuers or selling agents thereof; nor to operate a fiat money to virtual currency exchange nor engage in investment solicitation and investment taking **requiring a Secondary License** from this Commission.

C. To act as a permit to undertake activities for which other government agencies require a license or permit.

This Certificate is granted subject to the conditions stated at the back of this document.

IN WITNESS WHEREOF, I have hereunto set my hand and caused the seal of this Commission to be affixed to this Certificate at The SEC Headquarters 7907 Makati Avenue, Salcedo Village, Barangay Bel-Air, Makati City, 1209, Metro Manila, Philippines, this day of 21 February Two Thousand Twenty Four.

## COMPANY REGISTRATION AND MONITORING DEPARTMENT

Gentlemen:

Please be informed that upon the approval of the application in the Electronic Simplified Processing of Application for Registration of Company (ESPARC) this Commission does not automatically generate the BIR Corporate Tax Identification Number (Corporate TIN) and the PAG-IBIG, PHILHEALTH and SSS Employer Registration Number (ERN).

However, you may login to the Philippine Business Hub (PBH) link shown on the notification sent to the email you provided in the ESPARC.

Very truly yours,

(SGD) GERARDO F DEL ROSARIO  
Director
