Dear hiring manager,

I supervised Brandon White while we were employed at Mid America Pet Food (2015 – 2019) and US Pet Food (January 2024 to October 2025) during which time I found Brandon to be an exemplary employee and passionate brand ambassador with a dedicated commitment to growing both the Victor and Next Level pet food brands. Brandon consistently volunteered to take on extra responsibility and delivered positive results accordingly. I would highly recommend that he be given strong consideration as a qualified applicant for the open position within your company.

Sincerely,

Tom Butler

Retired VP Sales / US Pet Food
