

LOR for Brandon White

To Whom It May Concern,

It is my pleasure to write this letter of recommendation for Brandon White. I have had the privilege of knowing Brandon for approximately ten years after meeting him through the world of purebred dogs and AKC conformation events. Over the years, our professional relationship has grown into a friendship, giving me the opportunity to witness firsthand his integrity, professionalism, and unwavering commitment to serving others.

When I first met Brandon, he was a Territory Sales Manager with Victor Pet Foods. Throughout his time in that role, he consistently demonstrated an exceptional level of customer service and product knowledge. As a preservation breeder, nutrition is one of the most important decisions I make for my dogs, and Brandon was always willing to invest the time to discuss different formulas, explain the science behind nutritional choices, and help determine what would best meet the needs of my breeding program.

What set Brandon apart, however, was that his support extended far beyond simply selling a product. During periods when supply shortages made obtaining food difficult, Brandon never accepted "out of stock" as the final answer. Instead, he proactively located alternate distributors and retailers, ensuring that breeders like myself could continue caring for our dogs without interruption. His willingness to go above and beyond was something I saw repeatedly, not only for me but for countless others within the dog community.

When Brandon transitioned to Next Level Dog Food, his dedication to his customers never changed. He continued to build lasting relationships through honesty, reliability, and genuine care for the people he served. He has always been someone I know I can count on, whether for professional guidance, problem-solving during difficult situations, or simply stepping up when help is needed. He has earned the respect of many breeders because he consistently follows through on his commitments and approaches every interaction with professionalism and sincerity.

Brandon possesses the rare combination of technical knowledge, exceptional customer service, dependability, and authentic relationship-building skills. He is someone who elevates every team he joins and creates trust with both colleagues and clients alike.

Without hesitation, I give Brandon my highest recommendation. I am confident he would be an outstanding asset and a true value-add to any organization fortunate enough to have him on their team. Should you require any additional information regarding my experience working with Brandon, I would be happy to speak further.

Sincerely,

Jennifer Thomason
Big Country Cane Corso
AKC Bronze Breeder of Merit
