

Price Adjustments & Our Commitment to You

Dear Valued Customer and 9X6 Fans,

At Product54 Corporation, we have always been committed to providing you with the highest quality products that are proudly Made in America. However, recent tariff changes have created challenges that impact our costs across the board.

Starting 7 April 2025, we will be adjusting our prices by a minimum of 12%. This change is necessary to ensure we can continue offering the premium, hypoallergenic, and stain-free products you know and trust.

We understand that no one likes price increases, and we want to be transparent about why this is happening. The tariffs have increased the cost of sourcing some of our materials and shipping, making it impossible to maintain current prices without compromising the quality we stand for.

What's Not Changing:

- Our **commitment** to using 99.9999% pure **medical-grade dimethicone** in all **silicone** products.
- Our **100% satisfaction guarantee**.
- The same **dedication** to creating products that provide a unique pleasure experience for gay men, by gay men.

We deeply value your **loyalty and support**, which has allowed us to thrive as a small **LGBTQ-owned** business. If you have any questions or concerns, please don't hesitate to reach out to us directly. Thank you for standing with us. Together, we'll continue to build a community that celebrates quality, care, and pride in every product we make.

Warm regards,

Jack
