

Safety Belt Laws in Arizona

ARS Title 28-909 (A)

Each front seat occupant must have the lap and shoulder belt properly adjusted and fastened while the vehicle is in motion. If only a lap belt is installed, the lap belt must be properly adjusted, and fastened while the vehicle is in motion.

ARS Title 28-909 (B)

A citation will be issued to the driver for each passenger under 16 years of age that is occupying the front seat and is not wearing a seat belt.

ARS Title 28-909 (F)

Exemptions: persons with physical or medical disability waivers, mail carriers, and children under 5 years of age (child restraint required).

Child Restraint Safety Checklist

When traveling with a young child, you need to understand all the facets of child restraints.

At what age is a child restraint no longer necessary?

Is there still a weight restriction for child restraints?

How should I position my child restraint in the vehicle?
