

Estate Planning Made Easy

Why Do I Need an Estate Plan?

Estate Planning is one of the greatest gifts you can give to your family. It helps outline some of life's most important decisions like — who will look after your kids and how you want your assets distributed.

What is Probate?

Probate is a court-supervised proceeding that authenticates your Will (if you have one) and approves your named Executor so that he or she can distribute your property and belongings. Without a Will in place, you are leaving the decision of who looks over your kids and assets to a court.
