Corps membership addresses will be updated.

Marty addressed township update. The association gets approximately 3K dollars a year allocated for gravel. Jason Schumaier was hired last year to help with snow removal.

Cory Behles on township board is also concerned about snow removal. We hope to continue to have Jason do this for the association.

Thanks to Herb Murie, Gary Larson, Warren Gesner, Marty Malachowski and others for their part in snow removal.

Snow removal equipment may be needed, and we may have to lease it.

Thanks to all who helped with the snow fence removal.

Rolly Ackerman addressed the Dock Permit Committee recommendations.

Since 2021 if there's a waiting list the COE has said we need to go to group docks.

There will be a two-person group dock in Dynamite Bay and there as a few three people group docks assigned.

Discussion was held on how many boats, people, and groups can be on a dock.

The association dock committee will set this, so the areas aren't encroached on.

Every permit given out or changed has to be approved by the dock committee.

If there is more discussion or questions, people are encouraged to come to the next board meeting (third Thursday of each month—July 20)

Boat landing movement is constant as the water keeps coming up. It has been moved 2-3 times a week. Warren Gessner has helped often. May need to find others. When the excavator comes from Nygaard Construction to move silt, they will move the dock, too.

The shoreline inspection is Tuesday, June 22 at 11 a.m. Mike Larson volunteered to help Marty and Keith.

If anyone is certified to spray weeds, let us know. Robert Miller has been doing this but may not be available.

Nancy Magnuson and her daughter have volunteered to head up the 4<sup>th</sup> of July parade. They have made fliers and the parade begin at 10 a.m.

We are still waiting on our street signs. Jim Gray will be contacted again.

911 addresses need to be implemented.
