Food Menu

DaFam is more than a name — it is a movement rooted in community, culture, and casual luxury.

Founded by Anjor and Vishvesh, the idea was to build a space where timeless aesthetics meet youthful expression. Every detail at DaFam is designed to feel premium yet personal, thoughtful yet effortless.

We believe that as India evolves, world cuisine is no longer shaped only by big cities. New ideas, flavours, and food cultures are emerging from smaller and growing urban centres too — and DaFam is proud to be part of that shift. Our goal is to bring globally inspired, thoughtfully executed food experiences to cities that are building their own cultural voice.

At our core is a commitment to memorable dining — where flavour, comfort, and refinement coexist. Our food is crafted using high-quality ingredients that feel familiar yet elevated, approachable yet distinctive, and aligned with the changing tastes of modern India.

We source our ingredients with intention and care, prioritising authenticity, seasonality, and clean, transparent produce. Every component is chosen to respect its origin and to create food that feels honest, balanced, and true.

Beyond the plate, DaFam is built as a communal space. From sip-and-paint evenings and movie nights to collaborative pop-ups and gatherings, we actively create opportunities for people to meet, share, and feel a sense of belonging.

Because for us, hospitality is not just about serving food — it's about building culture, nurturing community, and creating a place people return to not just for meals, but for moments.

“You’re exactly where you should be.”

Type 00 flour.
Real ingredients.
True food.
