Telecom DC Power and Distribution:

- 24VDC and 48VDC Power for Telecommunications. 10,000-Amp power plants / Custom Configurations
- DC power systems available in many cost effective configurations.

Equipment Engineering Services:

- New installations, replacements or upgrades.
- Complete site engineering from initial site visit
- Detailed documentation of current systems
- Equipment additions
- Equipment retirement
- Floor plan drawings
- Front Equipment Elevations
- Grounding
- Electrical
- Asset recovery and recycling

Battery Service:

- Installation
- Maintenance & Warranty Support
- Testing (Acceptance & Capacity)
- Evaluation
- Pre-Charging
- Staging & Logistics
- Custom Battery Disconnects

Transport Installation Services:

- New Build Installations
- Equipment/Circuit Audits
- Independent testing and site evaluations
- Project Management
- EF&I Services
- Logistics and Product Staging

Shelters and Enclosures:

UL Listed Cabinets and enclosures designed to meet rigid NEMA 3R standards. Outdoor rated equipment that satisfies areas with even the most difficult code enforcement. Offering dozens of designs, we customize many light-weight UL listed products that are NEMA 3R Rated enclosures for all applications.

Equipment Installation Services:

Installation of all manufacturers' equipment by qualified Level IV technicians, leading all installations, including test and turn-up.

Wireless Support Services & UPS Systems:

- New Site construction & installation
- Alarming
- Ground Testing
- Line Sweeping
- Call Testing
- Scheduled Maintenance
- Capacity & Acceptance Testing
- Independent testing & site eval.
- Refurbishing services for under-desk, portable UPS Systems

CPS 2019 Line Card

Proud Partners Of

ABB Critical Power has you covered with the widest range of reliable and highly efficient solutions to fit any application or environment. From powerful, robust workhorses for the data center to the smallest, yet highest density components for OEM products; all with industry-leading efficiency for sustainable, cost-saving performance.

Eaton's products ensure that reliable, efficient and safe power is available when it's needed most, with a growing drive to develop customer solutions that drive sustainable growth around the globe.

Around the world, Network Power batteries manufactured by GNB Industrial Power provide energy storage solutions for critical systems that require uninterrupted power supply. With many applications and large footprint, GNB is our most versatile, economical brand.

GS Battery's VRLA industrial batteries have exceeded customer expectations since they were introduced to the battery market over 30 years ago. Designed to provide long life in a wide range of applications, these batteries are available in standard, long life and super long life models, offering best in class performance and an outstanding value.

LEOCH Battery Corporation is a leading developer and manufacturer of lead-acid batteries. LEOCH has become the largest lead-acid battery exporter in China, shipping products around the world. With a major investment in North America, LEOCH is our better economical brand.

Purcell Systems' solutions specifically address operators and service providers' needs for durable equipment enclosures, modular cabinets, advanced surge protection technology, optimal battery backup enclosures, superior power management, and complete climate control cabinets, for equipment deployments in indoor and outdoor environments.

Long known for reliability in telecommunications networks, DC power is also proving to be a viable alternative for IT networks. Our DC power products offer both efficient power protection with unit-level redundancy and easy connectivity with renewable energy sources.

Regardless of the challenge, when your network needs to be ONLINE, ONTIME, EVERYTIME.

Communication Power Solutions has been providing best in class power solutions with unprecedented quality and reliability for over 25 years. Our pledge continues to focus on establishing lasting relationships with our new and existing customers.
