

Grand Vin de Bourgogne

BOURGOGNE BLANC

The Wine

The 80% Pinot Blanc and only 20% Chardonnay make this Burgundy white wine truly unique. The vintages display a beautiful roundness or a restrained freshness, always with notes of white flowers, great finesse, and a delightful richness.

Paring

Fish, seafood, cured meats.

Aging Potential

To be enjoyed within five years, when the freshness of the aromas is fully expressed. The Pinot Blanc grape gives this simple Burgundy wine good aging potential, and you can sometimes have some very pleasant surprises with an older bottle.
