SAUVIGNON

Indication Géographique Protégée

SAUVIGNON BLANC
Indication géographique protégée

Grape varieties: 100 % Sauvignon Blanc

Soils: clay

Harvesting: mechanical, at the end of September

Vinification: 100% of the harvest is pressed immediately following picking. Alcoholic fermentation is all done at low temperatures (around 16°C) in order to achieve a dry white wine.

Ageing: Matured in the vat and then cross-flow filtered before bottling.

Analysis: Alcohol at 11.5 % vol
(varies slightly according to the vintage)
Residual sugar: - 2 g/l (dry wine)

Bottled: February

Production: 4,000 bottles

Flavour profile: This dry white is fruity and very expressive which aromas of French Broom Shrub and citrus fruit.

Food Pairing: Served chilled (8 - 10°C) this wine will pair excellently with Seafood and fish. It is meant to be drunk young.
