Ten and a half year old dog. Didn't move as freely as I'd like, although he is a very good type. Showing his age particularly in the top line which is getting a bit soft. Head wise, the balance is there. Ear shape and size and carriage of the ears is good. Eye colour dark. Tan markings on head are correct. Getting stuffy in neck but that comes with age. Elbows are tight. Feet could be tighter. Topline now is softer. Underline good. Hind angulation is good, but could do with more muscling. Good coat and colour markings. He's put on a good show today.
