

## ***AMBASSADOR PROGRAM***

Howie Doin Roger That Racing is pleased to announce the newest addition to the organization, the Racer Ambassador Program. This program organically came to fruition after navigating other ways to give back to the motorcycle community. This program will provide the opportunity for more advanced racers to provide mentoring and training to the younger and/or less-experienced riders and racers in the sport. It will also allow for growth of the sport and providing more riding and racing opportunities for newcomers to riding. There will be more information and details to follow as the program evolves. The mission of the program is to bring more positive attention and following to flat track while allowing the ambassadors to give back and further their skillset on and off the track. For any and all inquiries related to the Ambassador Program, please contact Kaitlynn at [kaitlynn@howiedoinrogerthat.org](mailto:kaitlynn@howiedoinrogerthat.org).
