SHORT CUTS

Low voltage circuits of 110 volts can produce a fatal shock.

Most accidents at railroad grade crossings involve motorists who live within 25 miles of the crossing. This hazardous situation is intensified during the winter months. Early darkness, poor visibility, and inadequate traction at crossings because of rain, sleet and snow, can cause skids into trains and stalls on tracks. Motorists also fail to hear warning bells or train whistles because of tightly-closed cars and the noise of heaters and car radios.

Thank You Bill

The Christmas tree donated by Bill McKeough Nurseries served many functions in the Post's Eisenhower Hall. The Tinsel Ball, Egg Nog Party, Children's Party, Ladies Auxiliary Christmas Party and the Lions Club Christmas Party are some that enjoyed this beautifully-decorated tree. Thank you, Bill.

THE EXTRA FRAME . . .

. and did that big Marine Ollie PALMER hit strike, split, and 7 (count 'em) straight strikes for a 258, I believe . . . and we never congratulated Doug 'Navy' ROACH for his big-league score that got his name in the paper . . . and the snow-birds will be flying South if they haven't already: Big Al 'Army' BECKMANN going to Barbados (if that's how it's spelled) from what I hear — Bud 'Coast Guard' MOSMEN and Fred 'Infantry' BUKER told me New

Year's Eve what warmer climate they were going to, but the old Duster was too waffled to remember! (Which one of youse wise guys said, "it's a four-letter word that begins with h and ends with l?" . . . and a big good luck, happy years and all that stuff to Capt. Milt 'Artillery' ANDRE on his retirement! (I just hope that nice Dolly you're married to keeps you busy, you rascal!) . . . I was just reading if you use expressions like, "I got news for you," "You better believe it" and "Long time, no see," you are just trying to prove that you belong to the over-the-hill gang . . . and let's hope that everybody that wants to go to the Hempstead Tourney read that notice on the bulletin board and got some entry blanks from Jim FARRELL, County Chairman, for their entries—which close the middle of February! . . . lining up his cadre for the Hempstead Tourney is Bill MITCHELL—how about you? Did ya git yer entry and fee sent in? . . . and certainly the league congratulates Chmn. Warren MOESSNER, Joe CUMMINGS and the COMMITTEE plus all the fine work done by the AUXILIARY GALS (Lottie VAN DYKE was sure in there 'phoning!) on the big Blood Bank Day held at Blanchard Post on Jan. 13 . . . I bet the DUSTER voted in the minority on having a mid-season banquet (yeah, I voted 'yea') . . . and it seems to me that Dan The Giffer 'Coast Guard' LANTZ and Al 'Artillery' PUGLIESE have been awful quiet of late like they are each plotting on how to make their second million dollars . . . do ya suppose those two Infantry guys Bill JOHNSTON and Hugh STOWERS give black looks at guys who talk about Fords and Chevrolts? . . . Don 'Engineers' SMITH is still working on those jackets . . . wonder if Joe PAUQUETTE, Joe CUMMINGS and Bill DONNELLY saw to it that the Thruway got moved all A-1 O.K. . . . and I betcha George 'Marines' BUTMAN joins that flock of snow-birds flying South (I really envy every one of youse guys and I hate yez all for being so funky rich!) . . . and it seems to me some guy who's initials are Bill 'Tanks' ALWELL told me to say sumpin about Jack 'Artillery' BRADY throwing 2 or 3 gutter balls in one game, but I forgot the night and I don't even know if I have the names correct, so I will not mention it! . . . haven't been down to the Post on Friday Night (except for New Year's Eve) for some time now. I'll sure have to get down and see what's going on—sure miss seeing Freda, Gloria and all those other nice gals . . . did ya ever git yer AMERICAN LEGION DECAL for your car? Believe there is some left at the bar—only 10¢

. . . betcha if ya need a LEGION HAT, Adjutant Ken BURNS can fix ya up . . . talk about a quick recovery — there's a little item about Bill TOUGHER and his broken ankle and I could swear that I seen this same Bill doing a bit of dancing New Year's Eve (O.K., who's the wise guy who said, "how would you remember, you Rummy?") . . . Ed 'Infantry' HANRAHAN and I put our bowling balls in the polishing machine every week. I'm gonna ask Ed if it does any good. It helps me; my ball skids faster than ever . . . Well, that's it for this issue. Give us a read next month and as the fella said, "Thought I was poor 'cause I had no shoes until I met a man who had no feet!"

LEGION GIVES STATEMENT ON POWs

The American Legion has gone on record as strongly opposing plans to tie prisoner releases to definite dates for the withdrawal of all American forces from Vietnam as being "dishonorable, unworkable and deleterious to good strategy and realistic political negotiations."

The Legion's full support on all efforts to get full identification of all American servicemen missing in action and release and repatriation of all prisoners as an initial step and an integral and essential part of any negotiated settlement of the Vietnam conflict, including plans to tie further troop withdrawals on a percentage basis, to the release of prisoners, received unanimous approval of the National Executive Committee.

In a strongly worded resolution the Legion's Foreign Relations Commission stated, in part: "Some segments of American society, led by certain members of Congress propose that the U. S. withdraw all American forces from South Vietnam by a specified date in return for a mere promise to release our prisoners."

In another Foreign Relations resolution on Vietnam concerning the President's policy statement, the NEC went on record as "fully supporting the President's decision to keep necessary numbers of American forces in South Vietnam until the enemy—North Vietnamese, Viet Cong or Pathet Lao—release all of our prisoners-of-war and accounts satisfactorily for all those listed as missing-in-action."

WINDSHIELD WASHING

The best solution to the problem of bug residue, road oils, and other materials which are deposited on vehicle windshields is a mixture of four parts wood alcohol or rubbing alcohol, one part household liquid detergent and five parts of water.

This conclusion was reached by Roger W. Plaster and Michael A. Ozol of the Virginia Highway Research Council as a result of a series of laboratory tests and a survey of materials used at 218 service stations in Virginia. Liquids used at these stations ranged from water, at 55 percent of the establishments, to a patented ammonia glass cleaner, at five percent. Paper towels were by far the most popular cleaning implement, with other materials reported ranging from detergent towels (very effective) to clean cloth rags, dirty cloth rags, and one solitary instance of a chamois leather.

Needless to say, the results ranged from very good to very bad. In some cases, the cleaning procedure merely rearranged the dirt that was already on the windshield, while in other cases a relatively clean windshield became the repository for the dirt and oil that were originally on the cleaning rag or sponge.

Laboratory tests showed that the organic residue commonly found on car windshields consists of insect skeletons and fluids, grease, oil, rubber, and asphalt, along with minerals such as mica, quartz, clay, feldspar, kaolinite, calcite.

Cleaning agents, rated in order of efficiency were: alcohol-detergent type, and detergent towel (both very good); predominantly detergent type and predominantly alcohol type (both good); ammonia type (fair); silicone emulsion type (poor); and water (very poor).

ANGLER'S MIXED KEGLERS

With 12 weeks of bowling remaining (can spring be far behind), the teams continue to be bunched with only 10½ games separating top and bottom teams.

Gus Franze's Barracudas have managed to dominate the top spot with Wes Albright's Bullheads close behind. As of Jan. 16, the standings are:

Barracudas (Franze)	39	29
Bullheads (Albright)	37	31
Guppies (Mitchell)	35	33
Flounders (Mayers)	35	33
Perches (Klett)	34	34
Piranhas (Korp)	32½	35½
Muskies (Smith)	31	37
Smelts (Tougher)	28½	39½

Many bowlers seem to be in a winter slump, losing one or two points on their averages recently. High games among the men since last report include:

Gus Franze 214/519; Ed Korp 209/513; Joe Marino 194/517; Bill Mitchell 192; and Frank DiSanto 508.

The ladies' high scores are as follows: Grace Franze 176/484; Pat LeMatre 173/454; Millie Albright 171/471; Peg Korp 169; Belle Mayers 168; Mildred Harris 159; and Marie McMillen 154.

It was nice to see Gerry Klett and Bill Tougher (with foot in cast), cheering their team on to victory recently. Hurry back both of you.

This secretary, who by the way did get those new shoes, has been very busy knitting and being very quiet??? so she has not picked up any tid-bits—beware next month!

Legion Seeks Legislation For Unemployed Veterans

The American Legion is seeking legislation to provide a system of payments for unemployed veterans in which the minimum amount, duration and eligibility would be determined on a uniform basis without reference to state unemployment insurance laws.

Citing the fact that "the present Federal program of unemployment compensation for ex-servicemen provides payments to unemployed veterans in accordance with state unemployment insurance laws with the result that a veteran is treated differently depending on the state in which he files his claim."
