## BUILDING OK; GO FOR DOUGH

Now that the green light has been given for the Post Building Committee to proceed with its building plans there remains only one immediate deterrent. That's money.

The first part of the go-ahead was given at the May Post meeting when a record ninety-six members turned out for the session. All but two put their stamp of approval on the motion to proceed with the building program.

A masterful presentation of the program was made by Fay Walworth. He closed it with an amendment, aided by Chairman of the Board of Directors Harold Barkhuff, which allows the Post Building Committee to proceed providing the funds are made available and the plans are found acceptable to the governmental agencies, local and State, involved.

Subsequently, the Town of Bethlehem put its stamp of approval on the build-

ing plans with certain restrictions such as keeping garbage cans out of sight and face-bricking more of the building than was anticipated. To do this, Chairman Gus Williams expects the cost to rise higher than was in the Committee's initial estimating.

### Fund Raising Project

To bring about an early action on the building plans a sub-committee of the Building Committee has been formed for the sole purpose of the all-important task of raising funds.

This committee is headed by Past Commander Joe Von Ronne. With him on the committee are Commander Bill Campbell; and Past Commanders Harold Barkhuff, George Butman, Al Greenwood, Bert Kohinke and Al Woehrl.

Others on this committee include Vice Commander Merwyn Atwood, Dick Hav-

## ADIEU

Your immediate past Post Commander has this farewell message: "It has been an extremely rewarding experience to have been Commander of Blanchard Post this past year. I have learned many lessons of omission and commission. I've had the opportunity of meeting people I would not have ordinarily met. I hope I've made some new friends and no enemies. The living of these events, and the emotions that accompanied them, will broaden my thinking for the future and for this I am truly grateful. To those who aided and encouraged me I say most warm-heartedly, "Thanks".

"The outgoing team of officers with whom I was well associated worked industriously and well. The progress the Post has made in membership combined with the success of its many activities markedly attests to this.

"To my successor, Bill Campbell, I express congratulations. He and his officers have a particularly difficult year ahead of them. My sincerest wish to them is that they have the help and co-operation from the membership that was given to me."

## BOYS STATE DELEGATE

Representing our Post this month at the Department of New York American Legion Boys State is George Foot, 36 McCormack Road, Slingerlands. He is the son of Mr. and Mrs. George F. Foot. His father is associated with the Bureau of Child Development and Parent Education in the New York State Department of Education.

A Bethlehem Central Senior High School junior, George has an outstanding record. He is president of the Student Council; a member of the Year-book staff; chairman of the Handbook Committee; a member of the Interclub Relations Committee. He is a National Honor Society candidate; a member of the Choraleers and active in dramatics. In sports he has achieved his letter in JV football and is a member of the golf team. He is also a skier.

An active Boy Scout, he is secretary of Explorers and has earned twenty merit badges with one to go for his Eagle Scout.

We can look for a fine report from George at our October mid-monthly meeting.

## ALL TIME HIGH

The quota of 761 members for 1967-68 has been passed.

For that achievement our immediate past commander, Sid Kaplan, and his successor, Bill Campbell, can be well proud of their efforts. All of us can share in that pride.

This new height in membership has some significant features. It brings to Blanchard Post two more Vietnam War vets and for the first time in several years adds two female members to our rolls; and another member of the Lenses family joins us.

For all who helped him to attain this new record for our Post ex-Membership Chairman Bill expresses a hearty "Thank you."

And from Past Commander Sid we have this expression of gratitude: "This has been a mighty good year for me. It's really thrilling to be able to retire as your Post Commander with the knowledge that the Post has grown in membership to a new height during my ad-

Stephen A. Maney, a member of the American Legion Department Legislative Committee and an authority on Veterans' Legislation, communicated to his audience at the last general meeting in April many important facts. The cardinal point of his address was that the Rehabilitation Program was the key program of the total National American Legion Veterans' Programs, especially as concerns the Vietnam veterans. Mr. Maney stressed that the returning veteran should not be counseled by well meaning friends, but rather he should be encouraged to acquaint himself with his veteran's rights from the trained personnel at a proper accredited Veterans Administration Service Office.

Mr. Maney also made a plea to the membership to write a short note to State Senator James H. Donovan stressing the favorable passage of Bill No. 4176. This bill provides that the new bridge, being built across the Hudson River and adjacent to the old Dunn Memorial Bridge, upon completion be renamed the Parker F. Dunn Memorial Bridge. Because Private Dunn was the only area serviceman to be awarded the Congressional Medal of Honor for heroism during World War I, the County Legion Units rightly feel that his name should still be honored by this memorial tribute. Anne de Heus, Legislation Chairman, appeals to the members to endorse this bill.

The May Card Party was a gala success. Chairman Maud Hafley and Co-chairman Zen Campbell gratefully thank everyone who assisted, promoted and attended the Card Party. Esther Cooke also is indebted to all the members who graciously made the sandwiches. They were so delicious and so plentiful!

On June 9, a tea, sponsored by the Albany County Auxiliary Units, honoring the seven Girl Staters chosen by these Units will be held at our Post. Geraldine Klett, Empire Girls State Chairman, announced that Rebecca Hauser has been selected as our Unit representative Girl Stater and will attend the annual Empire Girls' State Week held at the University of the State

of New York at New Paltz, June 21 through June 29. When you attend the tea, Sunday, June 9 between 2:00 and 4:00 p.m., Gerry will introduce you to this lovely Bethlehem Central coed.

The June 18 regular monthly meeting will be preceded by a covered dish supper beginning at 6:30 p.m. Chairman Edna Rooney and Co-chairman Lucille Cole invite you to bring your most delectable prepared recipe. The aroma from the last covered dish supper was ambrosia. This is a treat you won't want to miss. To help minimize the kitchen clean-up Chairman Edna also asks that you bring your own place setting.

At this meeting the officers for the coming year will be installed and the delegates to the Department Convention to be held in Syracuse July 25, 26, and 27 will be chosen.

On June 25 Retiring President Helen Reynolds will be honored at a dinner held at Mokhiber's Restaurant. Maud Hafley is Chairman and Marcia Rosenfield will handle reservations. A week or two prior to June 25 the Calling Committee will telephone you to confirm your reservation.

In our memory we can renumerate the accomplishments of the Unit under the administration of President Helen. She has balanced the honor of her office with strenuous effort, a magnitude of time and unsurpassed loyalty. The mem-

One of the finest of human qualities is pride in one's work. Despite disagreeable conditions, lack of appreciation, and even unfairness, the good workman works to the best of his ability . . . The man of character cannot keep his self-respect and do inferior work. The job bosses him with a discipline that the tongue-lashing and profanity of a roughneck foreman cannot enforce.

## RESOLUTION

Here is a graphic example of how the American Legion serves all veterans of all wars. The following resolution was introduced at the May 6 meeting of Blanchard Post. Its introducer is our past year's Service Officer, John Caliendo, who only a few years ago transferred into Blanchard Post. He is a past county American Legion Commander from his community before coming to Albany and our Post. John is a Veterans Counselor with the New York State Division of Veterans Affairs.

The Resolution had the unanimous approval, as it should, of the ninety-six members who attended the meeting. It now moves forward for County Legion action and is anticipated to go forward to the Department of New York and National conventions.

This is the text of the resolution:

### RESOLUTION

WHEREAS, members of the Armed Forces are voluntarily extending their periods of active duty beyond the four years service limitation in the Universal Military Training and Service Act and will thereby forfeit their reemployment rights, and

WHEREAS, many members of the National Guard and other reserve components of the Armed Forces suffer discrimination in employment and oftentimes loss of employment because of such membership, and

WHEREAS, the Secretary of Labor has proposed amendments to the Universal Military Training and Service Act to alleviate these hardships on members of the Armed Forces and the reserve components there, now, therefore be it

RESOLVED, by the Nathaniel Adams Blanchard Post 1040, American Legion, Department of New York, County of Albany, at its 6 May 1968 meeting that we wholeheartedly endorse and support legislation to protect the reemployment rights of servicemen who serve on active duty beyond the four year limitation now contained in the law, and be it further

RESOLVED, that we wholeheartedly endorse and support legislation to protect members of the National Guard and the Reserves against discrimination in employment because of such membership, and be it further

RESOLVED, that this resolution be forwarded through the Albany County and Department of New York American Legion to the Resolutions Committee of the National Convention of the American Legion at its 1968 session in New Orleans, Louisiana.

## A MAGIC FORMULA FOR LONGEVITY

When an American reaches 100, his clan usually gathers for a celebration, reporters huddle at his feet to hear words of wisdom, pictures are snapped and printed in the paper . . . in short, he's a hero!

In Bulgaria a newly-turned centenarian is lucky if he gets the day off from work, and a brief mention on the back page of his local gazette. Slightly exaggerated, maybe . . . but the fact remains that only nine Americans in every million reach the century mark . . . while 1500 in a million Bulgarians do.

The rugged mountaineers of this little Balken country have nature to thank, in a large measure, for their longevity: a hearty race to start with, their vigorous life in the open, their simple, wholesome foods are helpful with "yogurt" as a large part of their staple diet.

Professor Ilia Metchnikoff, head of the Pasteur Institute, studied the longevity of the Balken races.

In this association of yogurt with well-being, Professor Metchnikoff, micro-biologist and winner of the Nobel prize, pointed out that the microbe which causes the fermentation, *bacillus bulgaricus*, tends to neutralize certain organisms in the body. This "intestinal tract action" was confirmed by experiments at Columbia University.

The neutralizing of undesirable organisms may have other beneficial effects . . . and a trimmer figure, too, because of the lower calorie content.

## YOU ARE A MIRACLE

Man is still the world's most miraculous mechanism. In seventy years of life a human being eats 1,400 times his body weight, over 100 tons of food, and he spends five full years putting food in his mouth. If his weight is average, every day of his life his heart beats 103,680 times, he breathes 23,040 times, he inhales 438 cubic feet of air, gives off 85-degrees Fahrenheit of heat, and moves 750 major muscles; his nails grow .000046 inch, his hair, .01714 inch, and he speaks 4,800 words.

The average person blinks 25 times a minute, and scientists say each blink takes one-fifth of a second.

Thus, if he averaged 40 miles an hour on a 10-hour motoring trip, he would drive over 25 miles with his eyes shut.

The body can take a lot of punishment, and still keep on functioning. Man can get along fairly well, apparently, without his gallbladder, spleen, appendix and bladder. He can dispense with one kidney, two quarts of blood, half his brain, and all teeth, and still live. And when he dies, he does not die all at once. The brain survives 10 minutes, eyes 30 minutes; ears, one hour; blood molecules, 18 hours; bones, three days; and skin, 5 days.

After reading the above, isn't a man a wonderful thing?

*The Topeka Cooperator*

## ABOUT BEING LEFT-HANDED

*You can easily determine whether you're naturally left-handed or right-handed by taking the following test: Point your index finger directly at an object while both of your eyes are open. Then close your left eye. If your finger seems to shift, you are a natural left-hander. If it shifts when you close your right eye, you're a natural right-hander.*

Most babies are ambidextrous in their first year, showing no preference for either hand. And as many as 34% would naturally become lefties if not subjected to adult interference.

The cause or causes of left-handedness have not been scientifically established. Some authorities believe "handedness" is inherited, like eye-coloring, through the genes. Others lean to the theory that "handedness" is dependent upon which side of the brain is dominant . . . that a dominant right side makes for left-handedness, and vice versa. But research has revealed no evidence to prove these theories.

Among the reasons why many parents and teachers have discouraged left-handedness are some false generalities such as that left-handed folks are more temperamental, or less intelligent, or more pugnacious, or less stable emotionally, than right handers. But scientific studies have shown that undesirable characteristics exist in about the same proportions in both right and left-handed persons.

Another false notion, held and propagated by many psychologists until recently, was the belief that it was emotionally dangerous for a naturally left-handed child to be converted to right-handedness. Speech defects such as stuttering and stammering were frequently attributed to such conversions. But this theory, too, has been discredited by extensive research.

The best reasons there has ever been for converting left-handed children is the lack of equipment suitable for the use of southpaws. This shortage, however, has been steadily diminishing. Many manufacturers have produced goods for the convenience of lefties . . . such as fishing reels, guns, scissors, bowling balls and golf clubs. It's likely that in the not distant future, there will be adequate equipment for lefties in all fields of endeavor.

## BLANCHARD POST BASEBALL

BY CHAIRMAN DICK DALTON

Blanchard Post will once again attempt to capture the Albany County American Legion Baseball championship. We will have tryouts on Saturday, June 8 at 11:00 a.m. and on Sunday June 9 at 1:30 p.m., at the Bethlehem Central Junior High School field on Kenwood Avenue. Boys who have completed Babe Ruth League and who will not be 19 years old until after August 1, 1968 are eligible and invited to attend.

Team sponsors this year will again be Doc Brownell of the Brownell Agency and Brian Gallagher of Gallagher's Sports Shop. These fellows help make the operation a lot easier and it's nice to know that you have the support of these energetic Delmar businessmen.

Last year's team finished second in a close league race, and we have high hopes for the coming season. We have some returning players who seem greatly improved in light of their spring form, and we have a crop of 16-year-olds who rank with any we have seen in the past years.

Home games will be played this year at the Delmar Junior High School. We have arranged for a number of Sunday evening games which we hope will prove to be popular. May we urge that you plan to attend at least one ball game. You may be pleasantly surprised by the caliber of play (if not the coaching).

Our complete schedule follows. Please hang this on the kitchen wall where you can't miss it.

erly, Bob Edwards, Red Kernahan, Charles Redmond, Joe Reohr, Fay Walworth, Jack Chetney, Judge Advocate George Wenger, and Building Committee Chairman Gus Williams. The Post's first commander, Win Robinson is also a member of this group.

One of the first actions from this group was to form a sub-group headed by Bob Edwards for the purpose of preparing a brochure to be used in the fund-raising effort.

A research sub-committee has for its members, Commander Campbell, Building Chairman Gus Williams and Joe Reohr.

### Keep It Coming

Chairman Von Ronne already has received cash contributions and his hand is open to all that comes. "One thing we have to do," says Joe, "is to squelch the idea that Blanchard Post is abundantly wealthy. We've had enough to get along with what we've had. But what we've had, it's been proven, is not enough to accommodate our growing membership. And membership in the American Legion should not be limited. We know we have to have a certain amount of cash on hand to establish our financing for this project. The quicker we secure that certain amount, which still has to be determined, the quicker we can move forward on this venture."

A detailed solicitation is in the making. As soon as it is ready the entire membership will be called upon to help. "I am confident", Chairman Joe expressed, "the response will be overwhelming."

## LEAP YEAR LORE

Open season for bachelors is here again — it's another leap year!

Fact and fable are strangely mingled in the history of leap year. This once-in-four-years proposal privilege for women is not merely an unofficial tradition, but is based on actual legislation. It is said to have been started in Ireland by St Patrick in the 5th century. In 1288 an act was passed by the Scottish Parliament in which "it is statut and ordaint that for ilk year known as lepe yeare, ilk mayden ladie, of baith high and lowe estait, shall hae libertie to bespeke ye man she likes."

A few years later, a similar law was passed in France . . . In England the custom had become a part of the common law by 1600, when the legal books defined it thus: "As oft as lepe yeare doth return, ye ladyes have ye privilege of making love to ye men, which they doe either by wordes or lookes, as to them seemeth proper" . . .

In old England, a man who refused a leap year proposal had to pay a silk gown as a forfeit.

Leap years are a mathematical necessity. The extra dividend of one day which Father Time pays us every four years is a device of the astronomers to keep our years in step with the sun and the seasons. — *In a Nutshell.*

ministration. To our new Commander, Bill Campbell, I want to express my sincerest thanks for a job well done for his record-breaking membership achievement."

Bill Campbell has a "Hey, you..." for those members who have not yet paid their 1968 dues. He reminds all of them to think of their American Legion benefits for continuous membership and urges them to get their belated dues payments in now.

Here is the list of fifty-three new members who helped swell our membership quota to over-flowing:

## POWER OF THE GOSPEL

The power of the gospel is real and the revivalists are right in saying that the way to change society is to get men converted, but many of us in this tradition stop too soon. Getting men converted to Christ is only the first step. The second step is for those who preach and teach to apply the Bible-based gospel to all of life, and to show those in their congregations and class just how, for instance, a Christian can express his faith in a positive way in society. The gospel is the power of God unto salvation, but it does need to be applied to be effective.

## HEART DISEASE

Coronary heart disease is not limited to people in any particular economic bracket or job responsibility level. Yet there does seem to be significantly higher incidence among younger executives who are intensely ambitious, who have unusual competitive drive, and who are ever mindful of the urgency of time. I believe that their excessive tension and sense of pressure may contribute materially to their proneness to coronary disease. Harry Lee, M.D.

## MEN OF DISTINCTION

This year there is three of them. That is a change from the past Past Commanders Dinners when there have been one and sometimes two Post members chosen to receive the Past Commanders awards.

For their choice of the Blanchard Legionnaire to merit the diamond-studded American Legion lapel pin the Past Commanders chose Bill Campbell. In addition a pin and a citation was presented to Past Commander George Butman in recognition of his many direct and indirect contributions to the Post and the American Legion and a citation and attache case was presented to Past Commander Al Woehrle. The presentation to Bill was made by Past Commander Rodger J. Fryer; to George by Past Commander Jim Fanning and to Al Woehrle by then Commander Sid Kaplan for Al's work the past dozen years as editor of the TEN FORTY TIMES and his chairmanship of the Committee That Cares.

Past Commander Ed Costigan served admirably as master of ceremonies. The guest speaker, Albany Police Captain Herbert Devlin highlighted the evening with a delightfully witty and enlightening discourse. Floral presentations were made by then Commander Sid to the ladies of the Past Commanders awards recipients, Zen Campbell, who also attended as representative of the Blanchard Auxiliary (President Helen Reynolds with Maud Hafley was attending an Auxiliary Department of New York function in Brooklyn that night); Peg Butman and Mary Woehrle.

The other past commanders, with their ladies, present at the dinner were Harold Barkhuff who called the roll of past commanders; Joe Von Ronne, Bill Johnston, Fred Dearstyne, Dick Lenseseth, Al Greenwood, Given Hynds, Dick Dalton, Charlie O'Hara and Joe Cannizzaro.

A letter of regrets (with a remittance) received from Past Commander Ralph Butler, vacationing in Florida. Also reporting in by mail were Past Commanders Alex Gabriels and Bob Schreck. Herb Drew telephoned the morning of the dinner to report that due to a sudden illness that overcame his wife, Sue, he was unable to attend.

Win Robinson is also vacationing in Florida. Harold Barkhuff told of his recent visit to that state and of a meeting with Past Commander Harold Williams and other Blanchard Legionnaires.

A tasty stuffed chicken breast dinner with all the trimmings was catered by Anna Mae White.

A sense of humor is what makes you laugh at something which would make you mad if it happened to you.

## Americanism In Action

Mr. Frederick C. Webster,  
Chairman, Boy Scout Troop

Committee No. 58,  
204 Kenwood Avenue,  
Delmar, New York

Dear Fred,

On behalf of Commander Sidney Kaplan and the Nathaniel Adams Blanchard Post, No. 1040, American Legion, I want to expressly thank the "Alligator Patrol" for their project of daily raising and lowering the Post American flag.

There have been many favorable comments and I hope that this generous contribution can be continued by the Troop.

Once again, many thanks.

Sincerely,

Merwyn K. Atwood,  
*Adjutant*

## GIVING

It is not enough merely to exist. It's not enough to say, "I'm earning enough to live and support my family. I do my work well. I'm a good father. I'm a good husband. I'm a good churchgoer."

That's all very well. *But you must do something more.* Seek always to do some good, somewhere. Every man has to seek in his own way to make his own self more noble and to realize his own true worth.

You must give some time to your fellow man. Even if it's a little thing, do something for those who have need of a man's help, something for which you get no pay but the privilege of doing it. For remember, you don't live in a world all your own. *Your brothers are here, too.*

Albert Schweitzer

## Help Wanted!

If the TEN FORTY TIMES is to be continued anyone with the desire coupled with enough know-how to serve as its Editor should make himself known to Commander Bill Campbell before July 15 so that it can be determined whether or not the Advertising Chairman should proceed with his work in this effort.
