

## **Nurse Practitioner (APRN) – Aesthetic, Regenerative & Anti-Aging Medicine**

**Location:** Winter Park, Florida

**Employment Type:** Part-Time

### **Join Our Growing Luxury Medical Spa & Regenerative Anti-Aging Practice**

We are seeking an experienced, passionate, and patient-focused **Advanced Practice Registered Nurse (APRN)** to join our premier medical spa specializing in aesthetic, regenerative, and anti-aging medicine in beautiful Winter Park, Florida. This is an exciting opportunity for a highly motivated Nurse Practitioner with extensive experience in cosmetic injectables, laser therapies, regenerative treatments, and longevity-focused care. We are looking for someone who is passionate about helping patients look, feel, and perform at their best while staying current with the latest advancements in aesthetics and regenerative anti-aging medicine.

If you are a self-starter who enjoys building long-term patient relationships while delivering exceptional patient outcomes, we'd love to meet you.

### **Responsibilities**

- Perform comprehensive aesthetic and wellness consultations and develop customized treatment plans.
- Administer cosmetic injectables including:
  - Botox® and other neuromodulators
  - Dermal fillers
  - Biostimulators
- Perform advanced laser treatments including skin resurfacing, pigmentation correction, vascular treatments, hair removal, and skin rejuvenation.
- Perform regenerative anti-aging procedures including:
  - Platelet-Rich Plasma (PRP)
  - Platelet-Rich Fibrin (PRF)
  - Stem cell therapies\*
  - Exosome therapies\*
  - Joint injections
  - Microneedling with biologics
  - Hair restoration therapies
  - Other regenerative and anti-aging treatments
- Evaluate patients for hormone optimization, wellness, weight management, and longevity programs.
- Educate patients on treatment options, realistic expectations, and post-procedure care.
- Maintain accurate medical documentation and treatment records.
- Ensure compliance with all Florida nursing regulations and medical spa protocols.
- Collaborate closely with the Medical Director and clinical team.
- Maintain the highest standards of patient safety, ethics, and customer service.
- Stay current on emerging technologies, products, and techniques through continuing education.

### **Required Qualifications**

- Active Florida Advanced Practice Registered Nurse (APRN) license.
- Board Certified Nurse Practitioner.
- Current DEA registration (or eligible).
- Minimum of **3 years of hands-on experience** in aesthetic medicine.
- Demonstrated expertise performing:
  - Botox injections
  - Dermal fillers
  - Advanced cosmetic injectable techniques
  - Laser treatments
- Experience with regenerative and anti-aging procedures.
- Strong consultation and patient relationship-building skills.
- Excellent communication and interpersonal abilities.
- Professional appearance with exceptional bedside manner.
- Ability to work independently while contributing to a collaborative team environment.

## **Preferred Qualifications**

Experience with one or more of the following:

- Hormone Replacement Therapy (HRT)
- Functional or integrative medicine
- Medical weight loss therapies
- IV vitamin therapy
- Sexual wellness treatments
- Peptide therapies
- Stem cell therapies\*
- Exosome therapies\*
- Joint injections
- Bioidentical hormone optimization
- Longevity and preventive medicine protocols

## **Ideal Candidate**

We're looking for someone who is:

- Patient-centered and compassionate
- Entrepreneurial and growth-minded
- Passionate about aesthetics, regenerative therapies, and anti-aging medicine
- Confident conducting consultations and developing individualized treatment plans
- Detail-oriented with a strong commitment to patient safety
- Professional, energetic, and positive
- Dedicated to delivering an exceptional luxury patient experience
- Excited to grow with an innovative and expanding practice

## **Compensation**

We offer a competitive compensation package including:

- Competitive compensation based on experience
- Performance and productivity incentives
- Flexible part-time schedule
- Continuing education opportunities
- Professional development
- Opportunity to grow with premier aesthetics, regenerative, and anti-aging practice

*All regenerative biologic therapies are performed in accordance with applicable federal and Florida regulations, Medical Director oversight, and practice protocols.*
