### **C-11. Point Administration**

C-11.01 Points earned in the current racing season may not be carried over into the next racing season.

C-11.02 Points earned while racing in one division may not be carried over into another division.

C-11.03 Participants accumulate two types of points:

- a. Placement Points
- b. Participation Points

C-11.04 A participant’s point total is determined by the participant's four best placements (Placement Points) plus total Participation Points in an AASBD Racing Season.

$$\begin{array}{r} \text{Placement Points} \\ + \text{Participation Points} \\ \hline \text{Point Total} \end{array}$$

### **C-12. Participation Points**

C-12.01 A participant will be awarded one (1) Participation Point for each Rally Race that he or she competes in for the AASBD Racing Season with a maximum of four (4) points for any one weekend of racing.

C-12.02 The participant must compete in the Rally Race to earn the Participation Point.

C-12.03 Participation shall be defined as racing in good faith and to the best of one’s ability until being eliminated by another participant.

C-12.04 If inclement weather forces the cancellation of a Rally Race, Participation Points for an individual race will only be awarded when ALL participants have completed their first heat of racing. A Heat is defined as two participants racing each other to the best of their ability for two complete phases and the time differential resulting in a winner.

### C-13. Placement Points

C-13.01 Placement Points are accumulated by the participant's top four (4) placements for the AASBD Racing Season.

C-13.02 Points earned according to placement are as follows:

<i>Placement</i>	<i>Points Earned</i>
1 <sup>st</sup>	40
2 <sup>nd</sup>	35
3 <sup>rd</sup>	30
4 <sup>th</sup>	25
5 <sup>th</sup>	20
6 <sup>th</sup>	15
7 <sup>th</sup>	10
8 <sup>th</sup>	5

C-13.03 If time or weather precludes racing of third (3<sup>rd</sup>) through eighth (8<sup>th</sup>) placement of any bracket, a coin toss may be used to determine prizes and trophies, but not to award points.

C-13.04 Undetermined brackets are permitted to be averaged and points must be awarded evenly among the participants involved.

For example, if fifth (5<sup>th</sup>) and sixth (6<sup>th</sup>) placements are not determined, both participants would receive 17.5 points.

20 Points (5<sup>th</sup> Placement)  
+ 15 Points (6<sup>th</sup> Placement)  
35 Points (Divided by 2 = 17.5 Points)

C-13.05 For the Stock and Super Stock Divisions Only:

- a. Participants will only be awarded full points if there are eight (8) or more participants.
- b. Rally Races with four (4) to seven (7) participants will only award from 8<sup>th</sup> placement forward.

For example, a race with only four (4) participants would award points for fifth (5<sup>th</sup>), sixth (6<sup>th</sup>), seventh (7<sup>th</sup>) and eighth (8<sup>th</sup>) placements.

C-13.06 For the Masters Division Only:

- a. Participants will only be awarded full points if there are six (6) or more participants.
- b. Rally Races with four (4) to five (5) participants will only award points from sixth (6<sup>th</sup>) placement forward.

For example, a race with only four (4) participants would award points for third (3<sup>rd</sup>), fourth (4<sup>th</sup>), fifth (5<sup>th</sup>) and sixth (6<sup>th</sup>) positions.

## **C-14. Changing Divisions**

- C-14.01 The division in which a participant initially rallies in during the AASBD Racing Season will be recorded as his or her base division. .
- C-14.02 Should a racer change divisions, he/she will accumulate points in the new division with no change to the points already accumulated in the base division. Points in multiple divisions will accumulate throughout the official Rally racing season. Points in all divisions will reset to zero at the start of a new Rally racing season.
- C-14.03 The racer must choose a single division in which they will race during the All American World Championship if the racer qualifies in more than one rally division. The racer is responsible for notifying the All American Soap Box Derby office of their World Championship division choice by May 31 each year. Points in the non-chosen division do not carry over into the next Rally racing season.

## **C-15. Tie Breaker in Determining a Rally Regional Title**

- C-15.01 In the event of a tie in the final point tabulation for awarding a Rally Regional Title, the first tie breaker determination will be the total number of participants that the participant competed against in his or her top four (4) placements.
- C-15.02 If necessary, the second tie breaker will be the number of wins; the third tie breaker will be number of second-place finishes; and the fourth tie breaker will be number of third-place finishes.

## **C-16. Car Shipment to the AASBD World Championship**

- C-16.01 Prior to shipment to the AASBD, the winning car must pass a final inspection by their Local Director. The car then should be checked by either a Rally Commission member, Regional Director or someone appointed by the Regional Director.
