

How can I get involved with Queensland Environment Day?

The day is about **CELEBRATION** and the enjoyment of Queensland's local natural wonders, **UNDERSTANDING** the incredible and unique environments of Queensland – and the challenges they face – and inspiring individuals to **TAKE ACTION** to preserve and improve the Queensland environment.

Here are just a few things you can do in the next 12 months:

- 1) IDENTIFY** an organisation or individual already working to make a difference to Queensland's environment and nominate them to have their work amplified as part of next year's Queensland Environment Day at community@qed.org.au
- 2) MARK** June 5, 2026 in your calendar and plan an event for next year's Queensland Environment Day. We'll be in touch a few months prior to check in.
- 3) SHARE** a story, picture or moment to celebrate Queensland Environment Day. Don't forget to add @QldEnvDay or #QldEnvDay
- 4) COMMIT** to one small activity to help preserve and improve our environment.
- 5) DONATE** to the Queensland Environment Fund. Your donation goes toward providing grants to organisations and individuals doing environmental work around the state.
