01 | ABOUT AASAR TRADING

AASAR Trading provides professional scrap collection, purchasing, site clearance and related services for businesses, projects, facilities and individuals across Riyadh. We combine responsive field operations, transparent assessment and practical logistics to make scrap disposal simple, efficient and commercially valuable.

Our approach is built around one principle: **we come to you, assess and weigh the material, arrange collection, and complete payment according to the agreed terms.**

OUR POSITION	OUR PROMISE
A dependable scrap-buying and collection partner for commercial and industrial environments.	Professional service, clear communication, efficient collection and flexible payment options.

Why our clients engage us

- Fast response and practical site coordination.
- Collection solutions for small, medium and large quantities.
- Cash or bank transfer payment, according to the agreed arrangement.
- Professional loading, transportation and clearance support.

02 | VISION, MISSION & VALUES

VISION

To be a trusted and professional scrap collection and trading partner in Saudi Arabia, helping businesses unlock value from surplus materials while supporting cleaner, more organized working environments.

MISSION

To deliver dependable scrap purchasing and collection services through responsible operations, responsive customer service, efficient logistics and transparent commercial practices.

Professionalism

We treat every site, material and customer interaction with respect and discipline.

Reliability

We focus on clear commitments, timely coordination and dependable execution.

Transparency

We aim for straightforward assessment, weighing, pricing and payment communication.

Safety

We prioritize safe handling, loading and site practices.

Sustainability

We support the recovery and recycling of materials that can be diverted from unnecessary disposal.

03 | OUR PROFESSIONAL SERVICES

Scrap Buying & Collection

Purchase and collection of a broad range of commercial, industrial and project-generated scrap.

Metal Scrap

Iron, steel, stainless steel, galvanized steel and mixed metal scrap.

Cable & Wire Scrap

Copper, aluminum, mixed electrical cables, telecom cables and insulated wires.

E-Waste & IT Scrap

Computers, servers, electronic equipment, components and related IT scrap.

Telecom Scrap

Telecom equipment, cables, components and project-related surplus materials.

Batteries

Collection and handling of used batteries as part of organized scrap clearance.

HVAC & Electrical Equipment

AC units, chillers, motors, electrical equipment and related scrap.

Warehouse & Factory Clearance

Organized removal of accumulated scrap and surplus materials from facilities.

Loading & Transportation

Site loading and transportation coordination for collected scrap.

Building Demolition — Riyadh

Free building demolition service in Riyadh, subject to site assessment and agreed scope.

04 | MATERIALS WE PURCHASE

✓ Ferrous & non-ferrous metals	✓ Steel rebars & structural steel scrap
✓ Copper & aluminum cables	✓ Electrical wires & mixed cables
✓ Batteries	✓ Computers, servers & IT equipment
✓ Electronic & e-waste materials	✓ Telecom equipment & cable scrap
✓ AC units, chillers & motors	✓ Warehouse & factory scrap
✓ Mixed industrial scrap	✓ PVC, HDPE & PPR pipe scrap
✓ Kitchen, laundry & commercial equipment scrap	✓ Heavy machinery and equipment scrap

From individual loads to large project clearances, our service is designed around the material, access conditions, quantity and collection requirements at each site.

05 | HOW OUR COLLECTION PROCESS WORKS

01

CONTACT

Call or WhatsApp us with the scrap type, approximate quantity and location.

02

SITE ASSESSMENT

Our team coordinates a visit when required to inspect the material and site conditions.

03

WEIGH & VALUE

Material is assessed and weighed using the agreed process before the transaction.

04

COLLECT

Our team arranges loading, removal and transportation of the agreed scrap.

05

PAY

Payment is completed by the agreed method — cash or bank transfer.

06

RECOVER

Collected materials are directed through appropriate scrap trading and recycling channels.

24/7 COLLECTION SUPPORT

For urgent or time-sensitive scrap removal requirements, customers can contact AASAR Trading to coordinate the next practical collection window.

06 | INDUSTRIES & CLIENTS WE SERVE

Construction & Contracting

Project scrap, rebar, structural steel, equipment and site clearance.

MEP Companies

Cables, electrical equipment, HVAC scrap, motors and installation surplus.

Factories & Industrial Facilities

Production scrap, mixed industrial materials, equipment and clearance.

Telecom Companies

Telecom cables, equipment, components and project-generated scrap.

Warehouses & Logistics

Stock clearance, obsolete materials, equipment and accumulated scrap.

Hotels, Hospitals & Commercial Facilities

HVAC, kitchen, laundry, electrical and facility-generated scrap.

Banks & Corporate Offices

IT equipment, servers, electronic scrap and facility clearance.

Individuals

Household, garage, renovation and other recyclable scrap quantities.

TOGETHER LET'S BUILD A CLEANER, GREENER RIYADH!

SERVING ALL BUSINESSES & INDIVIDUALS ACROSS RIYADH

Built for real-world project environments

Our field service is designed for construction sites, warehouses, factories and commercial locations where scrap needs to be identified, consolidated, loaded and removed without unnecessary disruption. We coordinate with site representatives and adapt the collection approach to the material, access and quantity.

08 | VALUE, CONVENIENCE & COMMERCIAL FLEXIBILITY

SCRAP CAN BE A RECOVERABLE ASSET

AASAR Trading helps clients convert surplus and obsolete materials into commercial value while reducing the burden of storage, accumulation and site clearance.

Cash or Bank Transfer

Payment by the customer's agreed preference and transaction terms.

We Come To You

Collection is arranged at the customer's location, reducing transport burden.

Small or Large Quantities

Solutions are available for individual loads as well as major project clearances.

Site Clearance Support

Loading and transportation can be coordinated as part of the collection.

Professional Coordination

Clear communication from initial inquiry through collection and payment.

Riyadh Focus

Strong operational focus on Riyadh and surrounding project requirements.

09 | SUSTAINABILITY & SAUDI VISION 2030

GREEN & CLEAN RIYADH

Responsible scrap recovery can contribute to cleaner facilities, better material utilization and more organized project environments. AASAR Trading positions its collection and trading activity as part of a practical circular-economy approach: recover usable value, reduce unnecessary accumulation and support material recycling.

OUR CONTRIBUTION

- Encouraging businesses and individuals to separate and recover scrap materials.
- Supporting the movement of recoverable metals and other materials into recycling and trading channels.
- Helping construction and industrial sites remove accumulated scrap efficiently.
- Promoting cleaner, safer and more organized working environments.

TOGETHER, LET'S BUILD A CLEANER, GREENER RIYADH.

Saudi Vision 2030 emphasizes sustainability, resource efficiency and environmental quality. Our day-to-day work supports these goals at a practical, site level.

10 | WHY AASAR TRADING

Trusted Partner Mindset

We aim to build repeat business through dependable service rather than one-time transactions.

Responsive Communication

Fast, direct communication for quotation, collection and site coordination.

Broad Scrap Capability

One partner for metal, cables, batteries, IT/e-waste, telecom and mixed industrial scrap.

Operational Support

Collection, loading and transportation coordination under one service workflow.

Flexible Payment

Cash or bank transfer based on the agreed transaction.

Professional Presentation

Clear documentation and business-to-business communication for corporate clients.

LET'S WORK TOGETHER

Whether you are clearing a warehouse, completing a construction project, replacing MEP equipment, removing telecom scrap or simply looking to sell accumulated scrap, AASAR Trading is ready to discuss your requirement.
