Changing Lives For Horses & People

Changing Lives Equine is a volunteer-run nonprofit organization located at Dawn-Mar Ranch in Hopkinton, NH. Through the connection between people and horses, we help individuals of all abilities build confidence, find belonging, and experience joy through riding and caring for retired and rescued horses.

Our horses work alongside youth riders, Special Olympians, veterans, and individuals with disabilities, while receiving compassionate care, renewed purpose, and the dignity they deserve. Together, horses and people are given the opportunity for healing, growth, and a second chance.

Changing Lives Equine Center Inc. (CLEC)
is a 100% volunteer-run 501(c)(3) nonprofit

At Changing Lives, we believe every person and every horse has something to contribute.

Our Mission

To help people of all abilities gain confidence, find acceptance, and experience the joys of life through the love, care, and riding of retired and rescued horses.

At the same time, we provide nourishment, humane care, and purpose for aged, retired, and rescued horses.

Why Horses?

Horses meet people where they are. They don't judge or make assumptions. They respond to our communication, emotions, and actions – creating a unique opportunity to develop trust, confidence, patience, and connection.

Through working with horses, individuals can:

- Build Confidence
- Develop Connection
- Practice Responsibility
- Experience Success

A Second Chance for Both

Our retired and rescued horses are given the care and respect they deserve. In return, they become teachers, companions, and partners – helping people discover their own confidence, connection, and joy.

Changing lives. One horse. One person. One connection at a time.

How You Can Help

Caring for retired and rescued horses requires ongoing veterinary care, feed, shelter, rehabilitation, and daily support. Every donation and volunteer helps provide meaningful experiences for riders while ensuring our horses receive the care they deserve. Whether you volunteer, donate, ride, or help spread our mission, your support changes lives for both horses and people.
