

## Carousel Newsletter – August 2025

Hello Parents!

It is hard to believe that we are finishing our Summer Camp Program. The children enjoyed the month of July by celebrating the 4th of July and getting real-life camping experience with their friends. We are excited about the fun activities we have planned for August. We will learn about the outdoor insect adventures of mammals and small creatures. The last weeks of August we look forward to learning about space and the solar system. Kids would have the opportunity to do baking and cutting Salads and fruits in their classrooms.

The first week of the school year is August 23<sup>rd</sup>. Please remember to bring extra clothes and water bottles labeled with your child's name.

We will finish summer camp by remembering the fun times we have had with our friends and creating new memories with projects. We look forward to beginning a new year with our students and wish all our school agers a great school year!
