

Special Event Payment Methodes

AHMGC accepts payment for Special Events entry by two (2) methods. The fee can be paid by a check for the event or by using an established AHMGC automated payment system. The approved automated payment system authorized by AHMGC for this use is Zelle.

Note:

If you are already using this peer to peer (P2P) application (Zelle) you will only need to add the payee to your application. Add "9288997098". You should be notified that your payment is to Tedd Peck, Treasure of AHMGC.

If you are not using Zelle you can contact your personal bank to establish an account for this application without a charge for the application typically. You may also go to the Zelle.com website for easy access to enroll in it. You can also go to the webpage "Online Payment Guide" on AHMGC.com

You may also use your online banking services to set up Zelle. It usually can be accessed via the "Pay & Transfer" section on the application. When the application opens tap on Zelle and insert your mobile phone number. Most banks have this in their online applications.
