

Special Events Payment Methods

AHMGC accepts payment for Special Events Entry by two (2) methods. The tournament fee may be paid by a check or by using an established AHMGC automated payment system. The approved automated payment system authorized by AHMGC is Zelle an interbank payment system.

Note:

If you are already using this peer to peer (P2P) application (Zelle) you will only need to add the payee to your application. **Add 210-787-6599. You should be notified that your payment is to Michael Bensen of AHMGC.**

If you are not currently using Zelle you may contact your personal bank to establish an account for this application, typically, without a charge for the service.

You may also use your online banking services to set up Zelle. It may be accessed via the “pay and transfer” section of the application. When the application opens tap on Zelle and insert your mobile phone number. Most banks have this on their online applications. Follow the instructions. If confused go to your bank and request assistance. Each bank may have their own nuances, so look to them for help.
