THE DIAMOND PLACE INC.

WHAT IS THE DIAMOND PLACE?

The Diamond Place Inc. is a start-up not for profit social service agency in Colorado, created February 2021. The organization was founded by Tiffany Sharp, to restore hope in women toward starting a better life, free from abuse and trauma. To dare to dream of the life they always wanted, but never knew how to get. based off Maslow's Theory of needs, by first addressing the fundamental need of physiological and safety. A Diamond provides housing, transportation, community, warmth, and rest. After these basic needs have been met, then the healing can begin. We provide love, value and worth by offering a place to recover, rest and heal. Most women who experience trauma are in flight or fight mode, making it impossible to think or be able breath, I know this firsthand. Our model is science based, focusing on the trauma, not continuing to revictimize

OUR MISSION

To provide an individual person centered, trauma informed experience to women and their children who have endured domestic violence, to break the cycle of abuse and poverty.
