Livestock Exhibitor Policy (FFA & Open Class)

- The Fairboard and 4-H Council will use every reasonable precaution in regard to livestock, but will not be held responsible for any loss or damage while the livestock is on the fair grounds.
- FFA members are responsible to care for and show their own livestock projects at Achievement Days. If a livestock project should present a danger to other exhibitors or spectators during the show, a leader, parent or other adult may lend assistance to prevent injury to other people.
- All animal owners are responsible for the welfare of their animals. Exhibitors are expected to provide adequate feed, water, bedding, and housing for the comfort of their animals. It is the responsibility of the exhibitor to make arrangements for appropriate care if they are unable to be present. We encourage the humane treatment of animals and abuse will not be tolerated. The comfort and safety of the animal must be addressed throughout the show. Non-stressed animals will perform better for the handler. Exhibitors are expected to handle their animals in a gentle and calm manner and not create undue excitement in the vicinity of other livestock or persons.

Open Class Livestock and Small Animal Preregistration

We are asking anyone who will be entering livestock, poultry or rabbits in the Open Class show at the Ransom County Fair to preregister. Preregistration will help determine how much stall and pen space will be needed in the barns. There is an online preregistration form available at: <https://ransomcountyfair.com/fair-schedule-1> or call the Ransom County Extension office at 701-683-6128. **Preregistration is due by August 1.** Entry of open class livestock, poultry and rabbits and payment of stalling fees will still be done on Wednesday of the fair.

Animal Entry

Rabbit and Poultry – Wednesday, August 25 – 10:30 – 11:30 a.m.

Beef, Dairy, Swine, Sheep, Goats - Wednesday, August 25 – 6 – 8 p.m.

4-H and FFA exhibitors must enter their beef, dairy, sheep, swine, goats, rabbits and poultry in the Expo Center at the designated times above on Wednesday.

Livestock are required to be registered in the name of the owner. Proof of registry or eligibility may be requested when livestock is received.

At the time of Animal Entry exhibitors will receive a packet which includes:

- listing of all animal lot numbers preregistered
- Premium Sale form (4-H & FFA only)
- Stalling Fee form

Exhibitors will be asked to confirm the lots their animals are preregistered for and will pay for their stalling fee during the time of Animal Entry. **4-H & FFA exhibitors are responsible for keeping track of their Premium Sale form which must be filled out and turned in by Friday at 1 p.m. or at the end of the sheep show. Extra forms are available at the Fair Office.**

All exhibits will be accepted and classes made where needed.

Open Class Awards

Awards of grand and reserve will be awarded for qualifying animals in each lot. A grand and reserve champion female and male will be picked in each livestock division (overall breed). A grand and reserved champion grade female will also be selected in each livestock division.

Group Exhibition

Animals exhibited in a group of two or more animals must be owned by the exhibitor or owned within the immediate family. *Immediate family includes the parents and siblings of the exhibitor.*

Livestock, Horse, Poultry & Rabbit Interview Judging – 4-H & FFA

Interview judging for 4-H and FFA members is on Wednesday, from 6 p.m. to 8 p.m. in the Expo Center. All 4-H & FFA members must be interviewed at the specified time in order to be eligible for participation in the premium sale.

Dress Code

All FFA members must show in a white shirt or FFA polo or they will not be allowed to go through the Premium Sale.

Showmanship

All FFA members exhibiting livestock projects are encouraged to participate in showmanship. Please indicate when entering livestock if you plan on participating in showmanship. Winners will be recognized at 4:15 on Friday.

Showmanship contestants will be divided as:

4-H Senior: 15 years and older by September 1, 2020

4-H Intermediate: 11-14 by September 1, 2020

4-H Junior: 6-10 by September 1, 2020

Placing received in showmanship or open class DOES NOT qualify animals for premium or the premium sale. The reserve showman will receive a special rosette.

Round Robin Show

Once an intermediate has won the round robin showmanship contest, they are ineligible to compete in intermediate showmanship. Once a senior has won the round robin they would no longer be eligible to compete in the contest again.

Livestock Stalling

Rabbits and Poultry – Wednesday from 10:30 – 11:30 a.m.

Cattle, Sheep & Goat, Swine barns – Wednesday 8 a.m. to 12:30 p.m. **AND** 6 – 8 p.m.

The barns **will not be available** for stalling on Wednesday from 12:30 – 6 p.m. The rabbit and poultry show will be held in the show ring by the cattle barn – it will be too dangerous and distracting to have trailers unloading during that time.

Horses that are going through the Premium Sale and all animals including beef, dairy, sheep, swine, goats, poultry & rabbits must remain stalled until 7:00 a.m. Sunday, August 29.

Cattle Showman - If you choose to use the tie-outs to the north of the barn you can bring straw for that area.

Wood Chip Bedding - NO STRAW will be allowed for bedding inside any of the barns which includes the Cattle barn, Horse and Sheep barn, Poultry and Rabbit Barn, and Swine barn. Wood chips will be used instead. If your animal has a tendency to paw at the ground you may want to purchase a rubber mat to lie down.

Stalling Fees are as follows:

Stalling fees need to be paid at the time you register your animals on Wednesday, August 25.

Checks can be made payable to the Ransom County Fair Association. Fees are as follows:

- * Beef, dairy and horse, **required** - \$7.00 per animal
- * Swine, sheep and goats, **required** - \$3.00 per animal
- * Rabbits and poultry, **required** - \$2.00 per exhibitor

Livestock Clipping

Members showing livestock must do the major part of clipping their animal at home before it is brought to the fair. Some detail grooming can be done at the fair but the member must cleanup all clippings and dispose of them immediately after grooming. All equipment used must be put back in their designated stall. These measures show good housekeeping during the fair so exhibitors, families and fairgoers can have a safe and clean environment while they are in and around the barns.

4-H, FFA & Open Livestock Shows

All livestock and small animal 4-H, FFA and Open shows will be shown separately in each species. For example: all the beef lots (1101-1116) will be shown in 4-H, then the FFA lots will be shown, with the Open Class being shown last.

Beef & Dairy Exhibitors

Beef and Dairy exhibitors are reminded to use a neck rope or neck chain to secure their animals in the barn in addition to a rope halter, as halters seem to slip off and cause problems with loose animals in the barns at night.

• Muzzles: Exhibit animals will not be muzzled while on the fairgrounds.

• Any calf shown at the fair that is not being shown as part of the progeny group must be weaned. **No nurse cows will be allowed on the fairgrounds and/or housed in a trailer nor will the calf be allowed to leave the fairgrounds.** No pens will be allowed on the fairgrounds to house the pairs. If the cow is brought to the fair, the cow must be halter broke and the cow and calf **must be exhibited** in the cow/calf class, then that calf will not be required to be weaned.

Barn Clean-up

Every effort will also be made to have brooms, wheelbarrows, etc.... available during the fair for the proper cleaning of the alleys. We ask your assistance in barn clean-up during and after the fair. Please pile the manure from the cattle barn on the East side of the barn using the double doors located at the North end of the barn. Swine exhibitors, we would like you to pile the manure on the West side of the barn using the middle isle during the fair.

SUNDAY: We would like your assistance in cleaning the barns and ask all cattle, swine and sheep exhibitors to clean your stall or pen and pile the manure in the appropriate area. **Rabbit and Poultry Barn:** remove all woodchips from cages and below them and dispose of woodchips in the manure pile by the swine barn. The fairboard would like all animals removed from the fairgrounds by noon on Sunday.

Ransom County *Food Preservation Award*

Ransom County will recognize youth and adult food preservation (canning) enthusiasts. An award for first and second place will be presented to the individuals whose home canned entry is selected the best in the category in the open class division.

Judges will select the top two entries in Fruits, Vegetables, Pickles, and Soft Spreads categories

Entries from each category honored with the First Place award will receive an award to be determined.

Entries from each category honored with the Second Place award will receive an award to be determined.

FOOD PRESERVATION

Division Assistants: **Bev Thompson, Joyce Penberthy, Charlene Rondestvedt**

USDA Guidelines must be followed when exhibiting home canned foods at the fair.

Jams & Jellies: must be hot water bathed.

Vegetables: all fresh vegetables except for most tomatoes are low-acid foods and **MUST** be processed in a pressure canner to be free of Botulism risks.

Tomatoes: to ensure safe acidity in whole, crushed or juiced tomatoes, add 2 tablespoons of bottled lemon juice or ½ teaspoon citric acid per quart of tomatoes. Tomatoes can then be hot water bathed.

Fruits, Pickles and Sauerkraut: these foods are naturally high in acid so boiling water bath canning is used for them.

Salsa: by following *research-tested recipes*, salsa can safely be processed in a hot water bath. Other recipes need to be pressure canned.

Meat: must be pressure canned.

For current guidelines and processing times contact the Extension office at 683-6128 or stop in the office for food preservation publications.

All jars must have a printed label attached stating:

- 1. Type of processing (pressure cooker or water bath)**
- 2. The time it was processed.**
- 3. The date of the product was canned**

All canned foods must be processed in standard jars (Ball®, Mason, etc.).

The type of processing (pressure cooker or water bath) and the time it was processed, plus the date the product was canned, should be printed or written on a label attached to the jar.

Canning done in the fall of 2020 may be entered. The OPEN KETTLE method of canning is not recommended for any type of canning.

Hot water bath is used for jams, jellies, and pickles.

► Exhibitor may exhibit a maximum of 5 entries under one lot number.

A PARAFFIN SEAL IS NOT AN ACCEPTABLE SEAL FOR JAMS AND JELLIES. THESE WILL AUTOMATICALLY BE DISQUALIFIED IF SUCH A SEAL IS USED. ALL RINGS SHOULD REMAIN ON THE JARS.

Only hot water bath or pressure canning methods will be accepted, according to current USDA or NDSU Extension guidelines.
