

Goat, Sheep and Pig Barn 2.0
 Projected completion Fair 2024
 Multi-use Facility for Non-Fair season
 150 ft X 60 ft Footprint

The Ransom County Fair has been a staple in Ransom County since 1952. The current hog barn has since been a part of that tradition. The sheep building has been around for longer than the fair. Time, weather and animals have taken a toll on these buildings. The time has come to upgrade the facilities (**GOAT, SHEEP and PIG BARN 2.0**) for another 75 plus years of memories and camaraderie.

Multi-use facility to be utilized for numerous activities.

- Car shows
- Livestock judging
- Youth Archery
- Open for community rental
- Auction sales
- Much more
