Livestock Exhibitor Policy (FFA & Open Class)

- The Fairboard and 4-H Council will use every reasonable precaution in regard to livestock, but will not be held responsible for any loss or damage while the livestock is on the fair grounds.
- FFA members are responsible to care for and show their own livestock projects at Achievement Days. If a livestock project should present a danger to other exhibitors or spectators during the show, a leader, parent or other adult may lend assistance to prevent injury to other people.
- All animal owners are responsible for the welfare of their animals. Exhibitors are expected to provide adequate feed, water, bedding, and housing for the comfort of their animals. It is the responsibility of the exhibitor to make arrangements for appropriate care if they are unable to be present. We encourage the humane treatment of animals and abuse will not be tolerated. The comfort and safety of the animal must be addressed throughout the show. Non-stressed animals will perform better for the handler. Exhibitors are expected to handle their animals in a gentle and calm manner and not create undue excitement in the vicinity of other livestock or persons.

Animal Entry

Rabbit and Poultry – Wednesday, August 26 – 9:30 – 10:30 a.m.

Beef, Dairy, Swine, Sheep, Goats - Wednesday, August 26 – 6 – 7 p.m.

4-H, FFA and Open class exhibitors must enter their beef, dairy, sheep, swine, goats, poultry and rabbits in the West Wing at the designated times above on Wednesday.

Livestock are required to be registered in the name of the owner. Proof of registry or eligibility may be requested when livestock is received.

At the time of Animal Entry exhibitors will receive a packet which includes:

- listing of all animal lot numbers preregistered
- Premium Sale form (4-H & FFA only)

Exhibitors will be asked to confirm the lots their animals are preregistered for at the time of Animal Entry. **4-H & FFA exhibitors are responsible for keeping track of their Premium Sale form which must be filled out and turned in by Friday at 1 p.m. or at the end of the sheep show. Extra forms are available at the Fair Office.**

All exhibits will be accepted and classes made where needed.

Open Class Awards

Awards of grand and reserve will be awarded for qualifying animals in each lot. A grand and reserve champion female and male will be picked in each livestock division (overall breed). A grand and reserved champion grade female will also be selected in each livestock division.

Group Exhibition

Animals exhibited in a group of two or more animals must be owned by the exhibitor or owned within the immediate family. *Immediate family includes the parents and siblings of the exhibitor.*

Livestock, Horse, Poultry & Rabbit Interview Judging – 4-H & FFA

Interview judging for 4-H and FFA members is on Wednesday, from 5 p.m. to 8 p.m. in the Expo Center. All 4-H & FFA members must be interview judged at the specified time in order to be eligible for participation in the premium sale.

Dress Code

All FFA members must show in a white shirt, FFA polo or FFA button up shirt or they will not be allowed to go through the Premium Sale.

Showmanship

All FFA members exhibiting livestock projects are encouraged to participate in showmanship. Please indicate when entering livestock if you plan on participating in showmanship. Winners will be recognized at 4:00 on Friday.

Showmanship contestants will be divided as:

4-H Senior: 15 years and older by September 1, 2025

4-H Intermediate: 11-14 by September 1, 2025

4-H Junior: 6-10 by September 1, 2025

Placing received in showmanship or open class DOES NOT qualify animals for premium or the premium sale. The reserve showman will receive a special rosette.

Round Robin Show

Once an intermediate has won the round robin showmanship contest, they are ineligible to compete in intermediate showmanship. Once a senior has won the round robin, they would no longer be eligible to compete in the contest again.

FFA: The winner and alternate of the species showmanship will participate in the Round Robin Contest. A member may only compete with one species. Should a member be exhibiting a different species, the third-place showman will participate in the round robin show in their place. A member may compete in the round robin even after they have won the contest. However, they may not win round robin two consecutive years. Should that happen, the reserve (2nd place) constant will be announced as the winner.

Adopted September 2019

Livestock Stalling

Rabbits and Poultry – Wednesday from 7:00 a.m. – 10:00 a.m.

Cattle, Sheep & Goat, Swine barns – Wednesday 7 a.m. to 11:30 a.m. **AND** 5 p.m. – 8 p.m.

The barns **will not be available** for stalling on Wednesday from 11:30 a.m. – 5 p.m. The rabbit and poultry show will be held in the show ring by the cattle barn – it will be too dangerous and distracting to have trailers unloading during that time.

Horses that are going through the Premium Sale and all animals including beef, dairy, sheep, swine, goats, poultry & rabbits must remain stalled until 7:00 a.m. Sunday, August 30.

Cattle Showman - If you choose to use the tie-outs to the north of the barn woodchips will be provided for you. NO STRAW will be allowed in the tie-out area.

Wood Chip Bedding - NO STRAW will be allowed for bedding inside any of the barns which includes the Cattle barn, Horse and Sheep barn, Poultry and Rabbit Barn, and Swine barn. Wood chips will be used instead. If your animal has a tendency to paw at the ground you may want to purchase a rubber mat to lie down.

Livestock Clipping

Members showing livestock must do the major part of clipping their animal at home before it is brought to the fair. Some detail grooming can be done at the fair but the member must cleanup all clippings and dispose of them immediately after grooming. All equipment used must be put back in their designated stall. These measures show good housekeeping during the fair so exhibitors, families and fairgoers can have a safe and clean environment while they are in and around the barns.

4-H, FFA & Open Livestock Shows

All livestock, poultry and rabbits 4-H, FFA and Open shows will be shown consecutively following each other in each class/lot in each species. For example: beef lot (1101) 4-H will show, then FFA, following Open Class then the next class (1102) will be brought out showing 4-H first, FFA then Open, and so on down the schedule. This way the member will show in 4-H and then will be able to show in Open within a reasonable time rather than waiting a long time to show in open.

Beef & Dairy Exhibitors

Beef and Dairy exhibitors are reminded to use a neck rope or neck chain to secure their animals in the barn in addition to a rope halter, as halters seem to slip off and cause problems with loose animals in the barns at night.

- Muzzles: Exhibit animals will not be muzzled while on the fairgrounds.

- Any calf shown at the fair that is not being shown as part of the progeny group must be weaned. **No nurse cows will be allowed on the fairgrounds and/or housed in a trailer nor will the calf be allowed to leave the fairgrounds.** No pens will be allowed on the fairgrounds to house the pairs. If the cow is brought to the fair, the cow must be halter broke and the cow and calf **must be exhibited** in the cow/calf class, then that calf will not be required to be weaned.

Barn Clean-up

Every effort will also be made to have brooms, wheelbarrows, etc.... available during the fair for the proper cleaning of the alleys. We ask your assistance in barn clean-up during and after the fair. Please pile the manure from the cattle barn on the East side of the barn using the double doors located at the North end of the barn. Swine, sheep, goat and horse exhibitors, we would like you to pile the manure in designated areas during the fair.

SUNDAY: We would like your assistance in cleaning the barns and ask all cattle, swine and sheep exhibitors to clean your stall or pen and pile the manure in the appropriate area. **Rabbit & Poultry Barn:** remove all woodchips from cages and below them and dispose of woodchips in the manure pile in designated areas. The fairboard would like all animals removed from the fairgrounds by noon on Sunday.

Livestock Health Regulations

National Poultry Improvement Plan (NPIP) Poultry Testing Requirement

All poultry **over 4 months age** going to shows and/or public exhibit, *excluding doves and pigeons*, must have a safe leg or wing band, **and**:

- Come from an NPIP certified *Salmonella pullorum*- *Salmonella typhoid* clean flock. This means the flock the bird currently resides is NPIP certified, or the bird was purchased from a NPIP certified flock in the current year and has not come in contact with non-tested, non-NPIP birds.

OR

- Have had a negative *Pullorum* test within 90 days prior to going to a show/exhibition.

Exhibitors must provide a Poultry Exhibition Statement of Origin form SFN 60329 (2-2013), including required signatures.

AND

Have the bird's leg or wing banded before the time of entry on Wednesday of the fair. Chickens, turkeys and game birds, except baby poultry, must be individually identified with a leg or wing band. Birds that have not been banded nor have the proper paperwork will not be allowed to stay on the fairgrounds or be shown at the fair.

Go to the [ND Department of Agriculture](http://ndagriculture.gov) site for a list of Questions & Answers on the testing requirement. If you have further questions feel free to contact the Extension office.

If you **purchase your birds from a feed store, hatchery, etc.**, most owners or distributors of NPIP certified poultry are aware of the Poultry Exhibition Statement of Origin (SFN60329) which needs to be filled out at the time of purchase. If you need a blank form to take to the place where you purchased your birds, please call our office. **BRING THIS COMPLETED FORM WITH YOU** when you bring your birds to the fair on stalling/penning day.

TURKEY Testing: Those interested in showing turkeys must make an appointment to have their bird tested 1 month prior to the fair. Turkey testing is a 30-day process and only done through a licensed veterinarian. The Lisbon Veterinary Service can test your turkeys through a certified Poultry Lab. There is a fee associated with the test. Request a Pullorum test for turkeys. *** If you have purchased the turkeys from local feed store more than likely they originated from an NPIP flock. Those chicks from NPIP flocks including turkeys have already been Pullorum tested at the hatchery so all that is need in such cases is a Statement of Origin (SFN60329) from the feed store that includes the hatchery's NPIP number.

Poultry Testing will be Sunday, August 2 at the Ransom County Fairgrounds. Contact the extension office at 683-6128 for more information and to register for testing before July 15.

Scrapies in Sheep & Goats

Scrapies identification tags are required in all sheep and goats that are exhibited at any of the fairs in North Dakota including the Ransom County Fair. All sheep and goats must be tagged prior to arriving at the fair. To obtain your scrapies identification tags you can call the Federal Veterinary's office in North Dakota at 1-866-873-2824. Tattoos will be accepted only for registered livestock and must be accompanied by breed registration papers.

The following health regulations must be adhered to by those bringing livestock:

- ✓ Any animal with evidence of contagious, infectious disease will be dismissed from the fairgrounds immediately. This includes animals showing signs of localized disorders such as club lamb fungus, ringworm, or other dermatophytosis, and warts, as well as systemic diseases of the respiratory or gastrointestinal system such as pneumonia or diarrhea.
- ✓ Any animal with an obvious physical defect or deformity, including, but not limited to prolapses, open sores, eye lesions, lameness or other physical injury, shall be removed from the fairgrounds immediately.
- ✓ Animals who are recovering from localized skin disorders will be permitted if: there are no open sores; hair is beginning to grow back (as determined by the inspecting veterinarian if one is requested.).
- ✓ Animals that show malnutrition will be excused from the grounds upon arrival.
- ✓ A veterinarian inspection may be requested by the livestock superintendent and the acting fairboard president if an animal possess health questions. Any fee associated with veterinarian care will be at the cost of the animal owner. The Ransom County Fair Board will not be responsible for pre or post expenses associated with exhibiting animals at the Ransom County Fair.

Ransom County Food Preservation Award

Ransom County will recognize youth and adult food preservation (canning) enthusiasts. An award will be presented to the individuals whose home canned entry is selected the best in the category in the open class division.

Judges will select one entry in Fruits, Vegetables, Pickles, and Soft Spreads categories

FOOD PRESERVATION

Division Assistants: *Charlene Rondestvedt, Beth Wallner*

USDA Guidelines must be followed when exhibiting home canned foods at the fair.

Jams & Jellies: must be hot water bathed.

Vegetables: all fresh vegetables except for most tomatoes are low-acid foods and **MUST** be processed in a pressure canner to be free of Botulism risks.

Tomatoes: to ensure safe acidity in whole, crushed or juiced tomatoes, add 2 tablespoons of bottled lemon juice or ½ teaspoon citric acid per quart of tomatoes. Tomatoes can then be hot water bathed.

Fruits, Pickles and Sauerkraut: these foods are naturally high in acid so boiling water bath canning is used for them.

Salsa: by following *research-tested recipes*, salsa can safely be processed in a hot water bath. Other recipes need to be pressure canned.

Meat: must be pressure canned.

For current guidelines and processing times contact the Extension office at 683-6128 or stop in the office for food preservation publications. **USDA does not approve of the inversion method of sealing canned goods; therefore, all exhibits must be processed. Tomato products must be made using research-based recipes only (recipes from USDA, NDSU Extension, Ball®, Kerr®, or Sure-Jell)**

All jars must have a printed label attached stating:
 1. Type of processing (pressure cooker or water bath)
 2. The time it was processed.
 3. The date of the product was canned

NEW: All canned foods must be processed in standard jars: **quart, pint or half-pint** (Ball® Mason, etc.). **No other size jars will be accepted.**

The type of processing (pressure cooker or water bath) and the time it was processed, plus the date the product was canned, should be printed or written on a label attached to the jar.

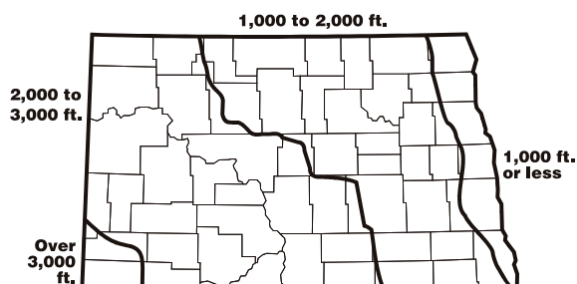

Canning done in the fall of 2025 may be entered. The OPEN KETTLE method of canning is **not recommended** for any type of canning.

Hot water bath is used for jams, jellies, and pickles.

► Exhibitor may exhibit a maximum of 3 entries under one lot number.

A PARAFFIN SEAL IS NOT AN ACCEPTABLE SEAL FOR JAMS AND JELLIES. THESE WILL AUTOMATICALLY BE DISQUALIFIED IF SUCH A SEAL IS USED. ALL RINGS SHOULD REMAIN ON THE JARS.

Only hot water bath or pressure canning methods will be accepted, according to current USDA or NDSU Extension guidelines.

What is the altitude for Ransom County? Anywhere between 1,000 to 2,000 feet depending on where you are in the county. **Processing times should be based on an altitude of 1,001 and higher to ensure food safety.**

Tips on Exhibiting

1. Select uniform specimens slightly over average size when possible. Overgrown specimens are seldom typical and are frequently coarse and lacking in flavor.
2. Select a few extra specimens above the requirements of the premium list for last minute replacements.
3. Showmanship is important. All items in each entry should be uniform in size, shape, color and degree of maturity.
4. Avoid blemishes caused by decay, dirt, disease, insects or mechanical injury. If blemishes of any kind are severe enough, the exhibit may be disqualified.
5. Vegetables should be washed only as a last resort. Clean vegetables with a soft brush or facial tissue to remove loose soil.
6. Keep the vegetables as fresh as possible before exhibiting.
7. For more information on preparing and exhibiting vegetables and fruit for county fairs, contact the county extension office for the "Harvesting and Preparing Vegetables for Exhibit" publication.
