### Jackhammer at Midnight?

Around midnight on Friday, April 6<sup>th</sup>, the unmistakable sounds of a jackhammer breaking concrete began, and continued until well after 2:00 a. m. Those whose homes back on the bayou/ditch probably had some not very nice thoughts about having their sleep disturb in such a manner.

A short conversation with the job Superintendent revealed that concrete had to be broken out to access the existing sanitary sewer line. The old line had to be disconnected (which

meant no flushing etc.) and then the temporary sewer line connected.

The City of Houston Inspector gave the construction crew a choice to complete this task. Choice #1 was one hour during the day time. Choice #2 was four hours in the middle of the night. Knowing one hour would not be long enough, and since most people would be asleep, the sanitary sewer use would be less (less flushing), the Contractor chose four hours in the middle of a Friday night, when most of us didn't have to work the next day.

Some kind of advance notice might have been nice, but maybe the Contractor's previous experience said to go with the "it's easier to seek forgiveness, than to get permission" approach to a potentially emotional situation. The job Superintendent did offer that he received multiple calls about the noisy incident, which he forwarded to the City of Houston.

Once the noise was over, the transition to the temporary sanitary sewer line seemed to go smoothly, hopefully as will the remainder of this project, which only impacts those homes west of the bayou and north of Piping Rock; see article at right.

### Construction Activity On The Ditch

Construction activity is underway on the west side of the ditch north of the bridge on Piping Rock. A new sewer line will be installed from the sewer lift station (located east of the clubhouse) going north to the brick fence of the adjoining neighborhood. Minimum digging will be involved.

The new plastic sewer pipe has an exterior dimension of 12 inches and an interior diameter of 11 inches (with a wall thickness of 1/2 inch). Two pipes were initially on top of the ground. One sewer line (the one on the far east side) will serve as a temporary sewer line above ground while work activity is underway to replace the existing underground sewer line.

Plans indicate that the existing underground sewer line will be broken up using a technique with a pipe bursting machine. As the existing underground sewer pipe is broken, the new sewer pipe will be pulled into the new cavity. All activity will be on the ditch.

Below is a closer look at what's between the dots.

It's an American Alligator at least 6' – 8' long and only slightly shy of humans; below its head is to the left.

In years past we used to let our dogs swim here but never again! Watch small children and pets, and use caution if you happen to picnic or fish there. Photos taken April 21<sup>st</sup> about 1:30 pm, from Westheimer Parkway with zoom lense, because it submerged every time we tried to move closer.

### Yard of the Month – May 2018 Congratulations to the Davenport Family Of 13731 Wickersham

**Your neighbors thank you for all your hard work and dedication: your yard is a joy to behold!**

We got lucky last February when the Davenport Family chose Briar Village to be their new home! Remember that cold, cold winter? No problem! Only two+ months later things here are already manicured and very attractive. This yard is full of a variety of tasteful, interesting plants, high and low, in various shades of green and many other colors, which are pretty now and will become even more so as they grow. Happy to be chosen, this is their first time to be Yard of the Month, and records indicate this home is also a first-time honoree. ..."Welcome to the neighborhood, we all hope you are happy here for many years and thanks for your pretty yard!"

#### Honorable Mention Beautiful spring yards all over the 'hood, here are a few standouts!

**Thanks to you all!**  
**Your efforts make coming home enjoyable.**  
**Drive by and take a look at your neighbors' front yards,**  
**You will be inspired.**

#### Memory Lane ~ May 2005

Elmo "Al" Lilliehaugen was responsible for Yard of the Month in Briar Village for 23 years, he retired from the task just a few days short of his 90th birthday. From 1982 until May 2005, he chose which yards to be honored (usually not in the winter months, except for Holiday Decorations) and kept a log of all recipients.

~ ~ ~

#### Yard of the Month (YOTM) ~ Judging

March - December a home is selected for Yard of the Month based on the merits of good maintenance, design, seasonal color and an overall appearance that supports the standards set for BV by our Deed Restrictions. While the selection may not be the most perfect or beautiful in the world, each month one home has a little something special that sets it apart. To share the honor, consideration is given to the frequency with which any one home is honored, the goal being to allow five years before a home is chosen again, although that is not always feasible. An added consideration for choosing the winner? **What would Briar Village look like if all our homes looked like this one?**

Selection usually takes place during the fourth week of each month. Many homes are given Honorable Mention each month. December selections are based on Holiday Decorations.

# LONG TERM CARE POLICY REVIEW

Did you know one of the largest U.S. long term care insurance providers was recently sold to a corporation overseas?<sup>1</sup>

For the second time in three years, my elderly parents have received letters from this company stating their future premiums would be significantly higher if they didn't take an option to reduce benefits, and that their rates may rise again next year!

***Do you know if your policy has guaranteed premiums and benefits?***

I am happy to review your policy so you will know what it provides and if your premiums are guaranteed. If you do not have coverage, I can help you find a policy with coverage and premium guarantees offered by top-rated insurance companies.

### BV I.D. Stickers for your vehicle

This newly designed sticker is for the back of your vehicle; put it either on the back bumper or the back window, to identify you as a Briar Village Resident. Stickers are optional, they are NOT required.

#### How to get your sticker?

Stickers will be available at BPCIA Monthly Meetings and the May 5th Spring Fling at our Pool. If you are not able to attend those events, you may contact a Board Member to arrange obtaining your sticker, or get one from one of our volunteers doing Citizens on Patrol.

\*\*\*\*\*

### Memorial Day

Memorial Day is observed on the last Monday of May. It was formerly known as Decoration Day and commemorates all men and women who have died in military service for the United States.

Many people visit cemeteries and memorials on Memorial Day and it is traditionally seen as the start of the summer season

### Trash Talk

With trash pickup 2 days a week and recycling 1 day a week, we have something sitting on the curb 7 days a week, due to those who set things out early and those who don't promptly put empty receptacles away...

#### Trash Out at the Wrong Time

- ✓ **Lowers the value of living in Briar Village**
- ✓ **Attracts the wrong crowd**
- ✓ **And it's against the law**

*City of Houston Code of Ordinances, Solid Waste and Litter Control:*

It shall be unlawful to place or to allow to remain any materials at the curblines for basic garbage collection service by the department prior to 6:00 p.m. of the day preceding a day designated by the director for basic garbage collection service at that location.

Basic garbage collection service shall commence at 7:00 a.m. on the day designated by the director. It shall be unlawful to place or allow to remain any materials at the curblines on a designated collection day after department collection service personnel have passed the site for that day, and the department shall not have any obligation to return to collect items not present at the curblines when the department vehicle serviced the site.

The violation of any such provision shall be punishable upon first conviction by a fine of \$50-\$2000, if convicted for a first offense, and \$250-\$2000 EACH DAY for subsequent convictions.

It is the resident's responsibility to stop the practice of their lawn services, (who often "do yards" in BV on Thursdays and Fridays), leaving bagged lawn debris sitting on the curb, frequently too early or too late, in violation of the City Ordinance above.

#### IT IS AGAINST THE LAW

To set trash on the curb at the wrong times.

\*\*\*\*\*

### Speaking of against the law...

It is illegal to pass any school bus that is stopped and operating a visual signal - either flashing red lights or a stop sign.

It was reported this month that **drivers have been passing the stopped school bus on Piping Rock**. Of all the laws to break, this one is in a class all by itself. It involves the safety of our children and there are no excuses for anyone putting a child in danger.

**Drivers who violate this state-wide law could face fines as much as \$1,250**

1.5 million Texas children ride 42,000 school busses every school day.

Graham Management Inc. (GMI) is the management company with which BV contracts for a variety of tasks, including issuing Deed Restriction Violation Letters and collecting Maintenance Fees.

\*\*\*\*\*

### Architectural Control Committee (ACC)

All improvements visible from the street must have ACC approval BEFORE work starts. Get the ACC Approval Form on the BV Website or from GMI.

\*\*\*\*\*

### Deed Restriction Violations (DRV)

Please review your Deed Restrictions, which are on the BV Website. If you receive a DRV Letter, please take it seriously, but please do not take it personally. The best course of action is to simply fix the problem and move on.

**If you are uncomfortable in any manner with a letter you received**, please feel welcome to contact us or GMI - our management company - to discuss it.

### Community Association Meeting

**Note: Meeting Minutes for April unavoidably delayed.**

The best way to learn about and comment on BV business is in person, by regular attendance at Monthly Meetings, which are held in the BV Clubhouse, on the 4<sup>th</sup> Thursday of each month (*except Nov & Dec*), and start at 7 p.m. Attire is casual, everyone welcome.

**Next Meeting: May 24, 2018**

### Swim Meets - Piping Rock Traffic

- ★ May 23 Wed ★ Jun 9 & 16 Sat ★
- ★ June 22 & 23 Fri & Sat ★

This year there are 5 home Swim Meets. The Swim Team parents usually do a good job of traffic control by the use of orange cones and plastic ribbon, but during our children's Swim Meets, Piping Rock, especially near the pool, can be very congested, often with young swimmers coming and going from their parents' cars. So keep an eye out for children and try to plan around the traffic, if you can.

~ ~ ~

Also plan to visit the concession stand. The Briar Flyers are known to have the best food (barbecue) in the swim league - the hamburgers are excellent! Check the meet schedule on Page 1, and stop by a Saturday swim meet, have some lunch and enjoy watching the great kids swimming with enthusiasm - it'll bring joy to your heart! Everyone welcome - buy lunch and watch the fun! Proceeds go to support the Swim Team.
