

Yard of the Month

2025 November

Briar Village's November Yard-of-the-Month goes to Viky and Dani Guijun at **13702 Locke Lane**. The Guijun's and their son, Victor, currently attending college, have lived in Briar Village since 2014. The Guijun's home is painted in a clean, crisp white color with contrasting black accents and an elegant, modern black door. The contrast of the black and white colors is further illuminated by the beautiful, red bougainvillea's (also called "paper flowers") in the front of the home. The Guijun's have done all the planning and planting of this beautiful yard and home themselves, including the side yard fence, which adds another touch of class to the home. The side yard, patio, and back yard are equally beautiful and well-tended. The Guijun's were so gracious and excited to receive yard-of-the-month. A big "thank you" to the Guijun's for their efforts to maintain this beautiful home!
