What Next?

Fabric

The fun starts with searching for a fabric you love to match your home and be comfy for your four legged friend! Most websites offer a selection of fabric samples for free.

We recommend searching for soft furnishing homeware grade fabrics (excl. upholstery fabrics).

Something washable is always useful as we know our furry friends can have all sorts of mishaps.

We offer swatch consultation services to help you find something perfect. Charge applies but we will take a brief from you but we do the searching for you!

Go to www.eg-studios.co.uk to find out more.

Confirmation

Once you've chosen your fabric we will write up a quotation for you based on the size you require and any additional extras.

Then when you're happy with your quotation we will request a 50% deposit to cover material costs and any start up expenses.

We aim to complete orders within a 4-week window but this is usually earlier. The remaining 50% payment will be requested on the day of delivery.

Delivery charges may apply if we're not able to deliver by hand.
