THE SOLUTION

The Maytag® AP Water Treatment System

Unlimited conditioned water

Reduce your costs for soaps
and cleaners

Save hours of cleaning

Extend the life of your
plumbing, appliances, faucets
and fixtures

HOW IT WORKS

Before water can enter your home,
it must first pass through your Maytag® water treatment system.

1

Unconditioned water enters the mineral tank, which contains a proprietary filtering media that acts like a magnet, attracting the undesirable contaminants to its surface and separating the contaminants from the water.

2

Then, the clean, treated water flows back up the riser tube to be distributed throughout your home.

3

Next, treated water from the brine tank – the mineral tank's trusty sidekick – recharges the filtering media so your Maytag® water treatment system can stay ready to treat your water 24 hours a day, 7 days a week, 365 days a year.

THE MAYTAG® WATER TREATMENT SYSTEM IS PROVIDED WITH A SPECIALIZED CONFIGURATION

**RENEWABLE HIGH MICROPOROSITY
COCONUT SHELL CARBON**
Reduces chlorine, unpleasant taste and odor.

ION EXCHANGE MEDIA
High-capacity resin removes more iron
and hardness-causing minerals.

BACTERIOSTAT 55
Inhibits bacteria growth and reduces heavy metals.

GARNET FILTRATION MEDIA
Provides 20-micron sediment filtration
and even distribution of water flow.

DRINKING WATER

You can produce this
same high-quality
Maytag® water right from
your kitchen sink for just
a few pennies per gallon.

NSF is a registered trademark of the National Sanitation Foundation. The Maytag™ Drinking Water System M-550 is tested & certified by the National Sanitation Foundation International to NSF/ANSI-Standard 58.

Alkaline Water Filter

The Alkaline Water Filter has been separately tested and proven to add essential minerals, increase pH levels, boost ORP, and improve the flavor of water treated by reverse osmosis systems by manufacturer testing.

Innovative Features and Benefits

Enjoy the benefits of alkaline water —increase your drinking water pH to 8.0-9.5

Made in the USA

Tested and certified by IAPMO

Mixture of 4 proprietary media beads

pH Range	8.0 to 9.5
Weight	1.2 lb.
Dimensions	2"x10" in-line 1/4" fpt x 1/4" fpt
Replacement Service Cycle	Maximum 1500 gallon. Always replace annually.
Max Flow	50GPD (4.5 oz per minute)
Max Pressure	90psi
Water Source	Reverse Osmosis

COMPONENT

The Alkaline Water Filter has been certified by IAPMO R&T against NSF 42 for material safety only.

LIFETIME LIMITED WARRANTY

MAYTAG® WATER TREATMENT SYSTEMS

WHAT'S INSIDE MATTERS™

LIFETIME LIMITED WARRANTY

The LeverEdge (hereinafter LE) warrants any Maytag® brand water treatment system manufactured by LE and installed by a duly authorized Maytag® dealer, to be free from defects in materials and workmanship to the original residential purchaser (hereinafter CONSUMER) from the date of purchase. All aspects of this warranty are subject to the following limitations, terms and conditions.

1. DURATION OF WARRANTY

If LE equipment consisting of the Mineral and Storage Tanks, Controls and Valves, Pumps and Switches, Ion Exchange Resin and Treatment Media, Drinking Water Systems (excluding replacement exchange modules or inline filters) and Ultraviolet Lights (excluding bulbs and sleeves) is determined to have failed as a result of a manufacturing defect, LE will, at its sole discretion, repair or replace the defective part at NO CHARGE to the CONSUMER (excluding labor, and applicable shipping and handling costs) for the duration of the CONSUMER's ownership of the original equipment (hereinafter "LIFETIME").

2. LIMITATIONS OF COVERAGE

This warranty extends only to the CONSUMER for damage resulting from defects in materials and workmanship, and does not include renewable components. It does not extend to damage caused by the CONSUMER'S neglect or abuse, or by accident, to damage caused by wind, hail or abnormal weather conditions, or to damage caused by acts of God, civil insurrection or extraordinary circumstances beyond the control of LE.

LE shall not be liable for any direct or indirect damage resulting from the use of the equipment, and in no event shall the extent of this warranty coverage exceed the purchase price of the equipment.

LE cannot know the characteristics of a CONSUMER'S water supply or the purpose for which one is purchasing LE equipment. Also, water qualities vary seasonally and over time. Therefore, LE assumes no liability for the determination of the proper equipment necessary to meet a CONSUMER'S requirements, nor does it authorize others to assume such obligations on its behalf.

This warranty excludes any equipment which was not manufactured by LE and installed by an authorized Maytag® dealer or on which the date code has been removed or altered. Any tampering or attempted repair performed by anyone other than an authorized dealer, including the CONSUMER, voids this warranty.

3. MISCELLANEOUS

In order to be considered for validation, all claims for warranty coverage must be accompanied by a copy of the purchase agreement indicating the date of initial installation, and a copy of the CONSUMER's current utility bill. LE reserves the right to inspect the LE equipment prior to honoring any warranty claim.

This warranty is only issued by LE, and the CONSUMER is hereby advised that Maytag® is not the manufacturer of the equipment, and provides no additional or separate warranty whatsoever in connection with the equipment.

This warranty gives you specific legal rights, and you may have other rights which may vary from state to state. Any and all inquiries or claims under this warranty must be submitted in writing to The LeverEdge, Attn: Warranty Department, 1423 Gunn Highway, Odessa, FL 33556.

MAKE A CLEAN BREAK FROM HARD WATER

Let's Review

- Save by reducing detergents and cleaning supplies
- Increase the life expectancy of all your water using appliances, faucets, fixtures, and plumbing
- "Fresh Squeezed" RO water eliminates bottled water costs and reduces drink mixes by 25%
- Enjoy the benefits of softer hair and skin without the adverse drying affects of chlorine and chemical byproducts of chlorinated water supplies
- Reduce household cleaning
- Extend life of clothing / textiles
- President's Cancer Panel recommends drinking purified tap water, not bottled water
