Wonders of Creation

STUART BURGESS AND ANDY MCINTOSH EDITOR: BRIAN EDWARDS

If the universe came into existence 'by chance', it did so against immeasurable odds. It follows that if every living thing evolved step by step over millions of years into the intricate, complex and kaleidoscopic beauty, order and design that we see around us, this also was against these incalculable odds. We may go further and claim that the vital interrelationship of the universe – the precise movements of the planets, the regular seasons of the year, the reliance of all living things upon each other – also evolved against the same unimaginable odds.

We must conclude either that everything – each individual detail – in the known universe, and especially planet earth, evolved against a series of unimaginable, unbelievable and infinitesimal odds – or we should look for an alternative and more reasonable explanation. It is that more reasonable explanation which is presented in this book. However, the beauty and order, the incredible harmony and diversity, is too often shattered by violence and pain, disorder and death. Before our journey in this book concludes, we will face the questions posed by theologians, scientists and philosophers for millennia: 'What went wrong and what is the purpose of it all?'

But first, enjoy the panorama of a creation so beautifully detailed, ordered and complex that it would be unbelievable if it was not there in front of us.

The Soul Winner – Charles H. Spurgeon

As an individual, you may ask, How can I, an average person, do anything to reach the lost? Or if a pastor, you may be discouraged and feel ineffective with your congregation, much less the world. Or perhaps you don't yet have a heart for the lost. Whatever your excuse, it's time to change. Overcome yourself and learn to make a difference in your church and the world around you. It's time to become an effective soul winner for Christ.

As Christians, our main business is to win souls. But, in Spurgeon's own words, "like shoeing-smiths, we need to know a great many things. Just as the smith must know about horses and how to make shoes for them, so we must know about souls and how to win them for Christ." Learn about souls, and how to win them, from one of the most acclaimed soul winners of all time.

The Attributes of God – A.W Tozer

For A. W. Tozer, no question is more important than, "What is God like?" The desire to know God consumed his entire life and ministry.

That's why those who read him come to know God more intimately.

Originally preached as sermons at Southside Alliance Church in Chicago, this first volume of *The Attributes of God* examines ten attributes of God. It also includes a study guide for an in-depth look at each attribute:

- Infinite
- Immense
- Good
- Just
- Merciful
- Gracious
- Omnipresent
- Immanent
- Holy
- Perfect

Steeped in Scripture and filled with the Spirit, Tozer preached with striking clarity and power. The sense of his sermons comes through on every page, bringing the Word of God to bear upon you.

"If a sermon can be compared to light, then A.W. Tozer released a laser beam from the pulpit, a beam that penetrated the heart." --Warren Wiersbe, former pastor of The Moody Church

The Genesis Flood – Henry Morris & John Whitcomb

Over fifty years ago Henry Morris and John Whitcomb joined together to write a controversial book that sparked dialogue and debate on Darwin and Jesus, science and the Bible, evolution and creation culminating in what would later be called the birth of the modern creation science movement. Now, fifty years, forty-nine printings, and 300,000 copies after the initial publication of *The Genesis Flood*, P&R Publishing has produced a fiftieth anniversary edition of this modern classic.

John C. Whitcomb studied at Princeton University and has a PhD from Grace Theological Seminary. Henry M. Morris was president of the Institute for Creation Research, Santee, California. He studied at Rice University, obtained his PhD from the University of Minnesota, and served on the faculties of several major universities.

Patterns of Evidence – Exodus

This beautifully packaged "Collectors Edition" boxed set includes both a DVD and Blu-ray of the two-hour theatrical documentary, plus over eight hours of new interviews and information on 3 additional DVDs.

Packed theaters and overflow crowds stunned many cinema operators. Nearly one-hundred thousand people showed up on a single evening to view this paradigm-shattering documentary. Why? Because this multi-award winning film answers key questions in a way that no other film ever has before.

God's rescue of the Israelites from slavery in Egypt is one of the most ridiculed and disbelieved accounts in all Scripture – outside of Genesis. In fact, most archaeologists today believe there is no evidence that the Exodus ever happened. That's why this fascinating, evidence-revealing movie is so important! You will witness the personal faith-journey of the film's producer as he moves in and out of dangerous Middle Eastern countries. And you will see what led to his exuberant realization that the exodus of millions of Israelites out of Egypt really happened!

Patterns of Evidence: The Exodus unlocks the mystery and reveals evidence that matches and confirms the biblical account. If you have heard that there is no evidence for the Exodus, or for Joseph and the Hebrews in Egypt, prepare for a whole new view of history!

With striking on-location archaeological cinematography and stunning animation, The Exodus features guest appearances by Israel's Benjamin Netanyahu and Shimon Peres, narration by Kevin Sorbo (God's Not Dead, Hercules), and interviews with leading archaeologists including Israel Finkelstein, Kent Weeks, Bryant Wood, and David Rohl.
