

Please make a 8.5" Star Block for our QGGH President

Each year QGGH members are asked to make and sign one block to present to the Guild's President as a thank you for all the work this person puts in both at Guild and behind the scenes. This person's contribution of time, intellect and energy is what keeps the Guild's business running smoothly.

Susan Penny, our current President, makes it seem as if managing the Guild's affairs is a breeze, but we all know that this is a big, time-consuming responsibility. Please tip your hat to Susan by making her a block.

The block should be:

- any **STAR**
- made with **batiks** in the colors of your choice
- **8.5" UNfinished** so it will be 8" finished
- either light background with dark stars, or dark backgrounds with light stars
- sign your block with a Pigma pen. If you don't have one, one will be available at Guild meetings when the blocks are collected.

Blocks will be collected at Guild meetings beginning in September, and presented to Susan at the December holiday gathering.

If you have any questions, please email Susan Cornell at secornell@earthlink.net or through the website link to the VP Programs.

Attached are a **examples** of some star blocks, and they will be available at the Workshops table during meetings.

Please have fun making a block to thank our 2019 President!

Thank you!
