

# GUNNAR'S BOURBON

## W H E A T E D

### OLD FASHIONED COCKTAILS

*The Old Fashioned has been around since 1880. By 1904, the year the Bradford Hotel was built, the cocktail was all the rage. Enjoy this classic in the very same room it was enjoyed over a century ago.*

#### **Classic Old Fashioned**

Arguably the most iconic and time tested cocktail in history. Made with Gunnar's Heritage Batch Bourbon followed by a hint of sweet orange citrus and rounded out with the warming spice of bitters. \$10

#### **Pecan Old Fashioned**

Our twist on a classic. Made with Gunnar's Heritage Batch Bourbon followed by all the tradition of an Old Fashioned with an unusual twist of pecan bitters. \$11

#### **Maple Bacon Old Fashioned**

Rich and smoky-sweet. Made with Gunnar's Heritage Batch Bourbon. Maple and bourbon are a winning combination \$11

#### **Orange Old Fashioned**

Made with Gunnar's Heritage Batch Bourbon, this centuries old, Old Fashioned recipe is kicked up a few notches with real orange bitters. A bit more than a hint of orange is both familiar and insanely good. \$11

#### **Black Walnut Old Fashioned**

Nutty and sweet in a way that reminds us of dark chocolate, glazed doughnuts, and vanilla. The perfect black walnut experience \$11

### CLASSIC COCKTAILS

**Manhattan** The 140 year old classic. Made from artisanal Italian sweet vermouth and aromatic bitters. Garnished with a cherry for an impeccably balanced perfectly delicious cocktail. Mixed with our Gunnar's Bradford Single Barrel Bourbon. \$12

**Whiskey Sour** A satisfying and refreshing balance of both sweet and sour. We nailed the balance with our Gunnar's Heritage Batch Bourbon. Shaken and served on the rocks. \$10

**Kansas Mule** The mule is a study in contradictions. It's spicy, tart, and strong, yet also somehow refreshing. A classic ginger lime cocktail made with Gunnar's Heritage Batch Bourbon. \$10

**John Collins** Our Whiskey Sour's cousin lightened up with club soda and without the egg white. An effervescent balance of both sweet and sour. \$10
