The Accreditation Process

Accreditation is a process that sets operational guidelines and assesses an institution's ability to meet educational standards. The process includes, but is not limited to, the quality of an institution's academic programs, student support services, policies/procedures, and operations.

School Facilities and Equipment

Our school is separated into four different areas. We have a nail technology area, cosmetology area, barber area, and esthetician area. Each area is managed in the following manner:

- The nail technology area consists of manicure and pedicure stations. Each station is assigned to an individual student for the duration of their training for that day.
- The cosmetology area consists of hair styling stations which include hydraulic chairs, mirrors, and compartments in which students can store their tools.
- The barber area includes stations which include hydraulic chairs, mirrors, and compartments in which students can store their tools.
- The esthetics area has two separate rooms with tables for spa services.
- Due to the limited parking students are not allowed to park on our lot.

Each student is provided a locker to use at their discretion for the duration of their training. We also have a break room, a waiting area, and modern functional equipment.

Upon completion of the initial meeting, a formal request for the accommodation must be submitted in writing to the school. The school will respond to the request within 15 days of receipt. During this 15-day time frame, the school will consult with The New Mexico Board of Barbers and Cosmetologists in order to ensure the accommodation will be granted during the state board-licensing exam. Kits, Books, and Supplies Policy

Students have the option to purchase their kits, books, and supplies from Glitz School of Cosmetology, from local vendors, or online. Regardless of where the materials were purchased, students are required to maintain their own kits, books, and supplies. Students will use their kits and supplies to practice services on each other and on models. Glitz School of cosmetology will provide all supplies once students pass their practical examinations and begin working on the public. This policy applies to all students regardless of their funding source. This includes, but is not limited to Pell Grant Recipients, Subsidized/Unsubsidized loans, and VA Students, Self-Pay Students, and scholarship students.

Students are required to purchase specific products, brands, and tools for their kits in order to ensure educational uniformity. The books, supplies, and utensils required for the student kits were selected based on their quality and availability at local shops. Students who choose their kits elsewhere are provided with ample time to order their kits, books, and supplies online if they choose to do so. New Students are not expected to purchase any materials until the fourth day of their schooling. This is done in order to minimize expenses for students who withdraw within the three-day cooling period.

Please Note: With the exception of the wireless tablet, all tools and supplies must be purchased new and unopened for sanitation reasons. The E-book is student specific and must be purchased new as well.

Transferring Students Policy

Transferring students must meet all the admission requirements and be approved by the School President as well as the New Mexico Board of Barbers and Cosmetologists. Clock hours from the originating schools that are accepted will be applied at a 1:1 ratio and remaining hours will be charged at the current rate for that program. Please note Glitz may not accept 100% of the hours granted by another school and will only accept up to 75% of the course length. Transfer hours will count as both attempted and completed hours for the purpose of determining when the allowable maximum time-frame has been exhausted. Satisfactory Academic Progress Evaluations for transfer students will be completed based on actual contracted hours.

In-School Transfers

An in-school transfer occurs when an enrollee transfers from one program to another within Glitz School of Cosmetology. In such instances, the original enrollment agreement will be cancelled, and the student will owe the tuition balance as dictated by the institutional refund policy. Clock hours from the original program that are accepted for the new program will be applied at a 1:1 ratio and remaining hours will be charged at the current rate for that course. It is possible that not all hours will be transferrable from one program to the other. A \$150.00 non-refundable withdrawal fee will be applied to all in-school transfers. Students who transfer from one program to another will qualify for a tuition waiver for their original program if they meet all of the following requirements:

1. Complete the new program with an attendance grade of 95% or better
2. Complete the new program with an academic grade of 85% or better

Please Note: The amount of tuition waved for the original program will be determined by the administration

Transfer Hours

With regard to Satisfactory Academic Progress, a student's transfer hours will be counted as both attempted and earned hours. Evaluation periods for transfer students will be based on the amount of hours contracted with the student. The first evaluation point will be conducted by the mid-point of the contracted hours or the school's (Glitz) established evaluation point, whichever occurs first.

Re-entry Students

To be eligible for readmission the student must submit a new application, pay the non-refundable \$100 application fee, and meet all the admission requirements at the time of re-entry. The student must also be current on any outstanding debts with Glitz School of Cosmetology. Previous balances owed may be applied to the new agreement balance. Prior clocked hours will be evaluated prior to readmission and submitted to the New Mexico Board of Barbers and Cosmetologists for approval. Please note that it is the New Mexico Board of Barbers and Cosmetologists (and not our school) that determines the amount of re-entry hours that will be accepted. Therefore, previously completed hours may or may not be approved. Approval for readmission is determined by the School Board and is based on program, schedule, and space availability. Glitz School of Cosmetology reserves the right to deny readmission following termination or withdrawal for any reason. If re-entry is granted, the applicant will be required to sign a

new Enrollment Agreement and pay additional tuition, books, supplies, and equipment costs (if applicable). Additionally, any returning students will re-enter in the same progress status as when they left. If a student withdraws and has been charged 100% of their Agreement price, and the student is in good standing, he/she may be eligible to return to the course during the following Twelve (12) month period without any additional tuition costs. If a student withdraws and has been charged less than 100% of their agreement, and the student wishes to reenroll at our school, the student will owe the original amount as determined by the refund calculation chart on page 8 of this catalog as well as the cost of their remaining hours based on the current tuition cost. Please note, Glitz School of Cosmetology will not release any graduation documents until all the balances have been paid off.

Multiple Re-entry Students

Students are allowed to enroll a second time and will re-enter in the same progress status as when they left. Students will not be allowed to re-enter Glitz School of Cosmetology a third time. Students who return to Glitz School of Cosmetology must pay the nonrefundable \$100 application fee. Students who re-enter the school will do so in the same attendance/academic and financial status.

Criteria for Determining Award Amount

The amount of federal financial aid that a student is eligible to receive depends on their dependency status, Expected Family Contribution, the year in which the student will attend school, enrollment status, and the cost of attendance for the program that you have selected. The financial aid office at Glitz School of Cosmetology will determine how much financial aid a student is eligible to receive.

- The financial aid staff starts by deciding upon the student's cost of attendance (COA) at our school.
Cost of Attendance (COA) is an average figure to determine financial aid eligibility. It includes estimates of standard expenses such as tuition, fees, books, supplies, room, board, and personal expenses such as unreimbursed medical/dental expenses, clothing, and transportation.
- They then consider the student's Expected Family Contribution (EFC).
The Expected Family Contribution (EFC) is a measure of your family's financial strength and is calculated according to a formula established by law. Your family's income, family size, and the number of individuals in your family who will attend college during the year are all considered.
- They subtract the EFC from the COA to determine the amount of your financial need and therefore how much need-based aid the student is eligible for.
Need-based aid is financial aid that you can receive if you have financial need and meet other eligibility criteria. You can't receive more need-based aid than the amount of your financial need. For instance, if your Cost of Attendance(COA) is \$16,000 and your EFC is 12000, your financial need is \$4,000; so you aren't eligible for more than \$4,000 in need-based aid.
- To determine how much non-need-based aid you can get, Glitz School of Cosmetology will take the cost of attendance and subtract any financial aid that the student has already been awarded.
Non-need-based aid is financial aid that is not based on your EFC. What matters is your Cost of Attendance and how much other assistance you've been awarded so far. For instance, if your COA is \$16,000 and you've been awarded a total of \$4,000 in need-based aid and private scholarships, you can get up to \$12,000 in non-need-based aid.

Federal Pell Grant (PELL)

Pell grants are awarded based upon financial need eligibility determined by a student's FAFSA (www.fafsa.ed.gov); and grant award amounts may vary yearly. The amount of a Pell grant award depends on the cost of attendance (COA), expected family contribution (EFC), enrollment status (full or part-time) and length of academic enrollment. Grant awards may not exceed the cost of attendance for the award year. Unlike loans, grants generally do not need to be repaid. For more information visit www.studentaid.ed.gov.

Federal Student Loans

Federal student loans allow students and their parents to borrow money to pay for a college or career school education. A federal student loan is made through a loan program administered by the federal government.

Direct Subsidized Loan:

- Available to students with financial need.
- Loan amount may not exceed financial need.
- U.S. Department of Education pays the interest on a Direct Subsidized Loan
 - while in school at least half-time
 - for the first six months after leaving school (referred to as a *grace period**)
 - during a period of *deferment* (a postponement of loan payments)

Direct Unsubsidized Loan:

- There is no requirement to demonstrate financial need.
- Loan amount based on cost of attendance and other financial aid received.
- Interest accrues on a Direct Unsubsidized Loan during all periods.
 - interest will accrue (accumulate) and be capitalized upon borrowing the funds

Necessity for Repaying Loans:

Student loans are real loans and it is imperative that they be repaid. The following is directly from the Department of Education’s website: <http://studentaid.ed.gov/repay-loans>

If you don’t make your loan payments, you risk going into *default*. Defaulting on your loan has serious consequences. Your school, the financial institution that made or owns your loan, your loan guarantor, and the federal government all can take action to recover the money you owe. Understand how missing a loan payment can be a problem, what default means and the consequences of default, and what you need to do if your loan is in default or if you think the default on your loan is an error. Here are some consequences of default:

- Credit bureaus may be notified of your default, which will harm your credit rating, making it hard to buy a car or a house.
- You will be ineligible for additional federal student aid if you decide to return to school.
- Loan payments can be deducted from your paycheck.
- State and federal income tax refunds can be withheld and applied toward the amount you owe.
- You will have to pay late fees and collection costs on top of what you already owe.
- You can be sued.
- Your license can be suspended or revoked pursuant NMAC Statute 61-17A-21

For more information and to learn what actions to take if you default on your loans see the [Department](#) of Education’s Default Resolution Group website.

Exit Counseling for Student Loan Borrowers

Glitz School of Cosmetology provides every student borrower of loans under the Federal Direct Loan program, exit counseling information whenever the student ceases enrollment. If the student does not appear for exit counseling, we will mail the Exit Counseling Guide for Direct Loan borrowers.

- You must notify the Lender within 10 days of any changes to your name/address.
- If you meet certain requirements, you have the right to defer payments on your loan(s). These deferment provisions are set forth under the section titled Deferment in your Promissory Note. If you default on your loan(s), you may lose these rights.
- If you are temporarily unable to make payments, you may request a forbearance from your lender. If granted, the forbearance may offer:
 - No payments for a short period of time, or
 - A longer period of time to make payments, or
 - A different repayment schedule than originally offered.
- It is up to the Lender whether to grant this request and you recognize the importance of requesting forbearance before payments are overdue.
- If you borrowed student loans from more than one lender, you may explore loan consolidation or refinancing.
- Acknowledge that all of the material covered on the acknowledgement form has been explained. You are responsible for repaying your student loans and must go online to: <http://studentloans.gov> for further exit counseling, <https://studentaid.ed.gov/es/sites/default/files/loan-exit-counseling.pdf>.

Schedule changes will not benefit students who are not on track to graduate within their maximum allowed time frame.

Return to Title IV Policy

When a student applies for financial aid, the student signs a statement that they will use the funds for educational purposes only. Therefore, if the student withdraws before completing the program, a portion of the funds received may have to be returned. Glitz School of Cosmetology will calculate the amount of tuition to be returned to the Federal fund programs according to the policy listed below. This policy applies to students' who withdraw officially, unofficially or fail to return from a leave of absence or are dismissed from enrollment at our institution. The return to Title IV policy is separate and distinct from the Glitz School of Cosmetology Refund Policy.

The calculated amount of the return of Title IV funds that is required for the students affected by this policy are determined according to the following definitions and procedures as prescribed by regulations.

The amount of Title IV aid earned is based on the amount of time a student spent in academic attendance, and the total aid received; it has no relationship to student's incurred institutional charges. Because these requirements deal only with Title IV funds, the order of return of unearned funds do not include funds from sources other than the Title IV programs.

Title IV funds are awarded to the student under the assumption that he/she will attend school for the entire period for which the aid is awarded. When a student withdraws, he/she may no longer be eligible for the full amount of Title IV funds that were originally scheduled to be received. Therefore, the amount of federal funds earned must be determined. If the amount disbursed is greater than the amount earned, unearned funds must be returned.

Glitz School of Cosmetology has 45 days from the date that the institution determines that the student withdrew to return all unearned funds for which it is responsible. The school is required to notify the student if they owe a repayment via written notice. The school must advise the student or parent that they have 14 calendar days from the date that the school sent the notification to accept a post withdraw disbursement. If a response is not received from the student or parent within the allowed time frame or the student declines the funds, the school will return any earned funds that the school is holding to the Title IV programs. Post-withdrawal disbursements may occur within 90 days of the date that the student withdrew.

Withdrawal Before 60%:

The institution must perform a R2T4 calculation to determine the amount of earned aid through the 60% point in each payment period. The institution will use the Department of Education's prorated schedule to determine the amount of the R2T4 funds the student has earned at the time of withdraw.

Withdrawal After 60%:

After the 60% point in the payment period, a student has earned 100% of the Title IV funds he or she was scheduled to receive during this period. The institution must still perform a R2T4 calculation to determine the amount of aid that the student has earned.

Glitz School of Cosmetology measures progress in Clock Hours and uses the payment period for the period of calculation.

Calculate the percentage of Title IV aid earned:

- a) Divide the number of clock hours scheduled to be completed in the payment period as of the last date of attendance in the payment period by the total clock hours in the payment period.

$$\text{Hours Scheduled to Complete} \div \text{Total Hours in Period} = \% \text{ Earned Tuition}$$

- b) If this percentage is greater than 60%, the student earns 100%.
- c) If this percent is less than or equal to 60%, proceeds with calculation.

AMOUNT STUDENT EARNED = % earned from total aid disbursed or could have been disbursed.

AMOUNT TO BE RETURNED = Subtract the Title IV aid earned from the total aid disbursed.

UNEARNED PERCENT = 100% minus % earned

AMOUNT DUE FROM THE SCHOOL= Unearned % of total institutional charges for the period.

If the % of Title IV aid disbursed is greater than the % of unearned institutional charges for the period, the amount disbursed will be used in place of the % unearned.

If the % unearned institutional charges for the period are less than the amount due from the school, the student must return or repay one-half of the remaining unearned Federal Pell Grant.

A student is not required to return the overpayment if this amount is equal to or less than 50% of the total grant assistance that was disbursed /or could have been disbursed. The student is also not required to return an overpayment if the amount is \$50 or less.

Glitz School of Cosmetology will issue a grant overpayment notice to students within 30 days from the date the school's determination that student withdrew, giving the student 45 days to either:

1. Repay the overpayment in full to Glitz School of Cosmetology or sign a repayment agreement with the U.S. Department of Education.

A student may view a sample of [Institutional Calculation Worksheet](#) by following the link or upon request view a copy at the Glitz School of Cosmetology Financial Aid Office.

Order of Return to Title IV funds

In accordance with Federal regulations, when Title IV financial aid is involved, the calculated amount of the R2T4 Funds is allocated in the following order:

- Unsubsidized Direct Stafford loans (other than PLUS loans)
- Subsidized Direct Stafford loans
- Parent Plus loans
- Direct PLUS loans
- Federal Pell Grants for which a Return is required
- Iraq and Afghanistan Service Grant for which a Return is required
- Federal Supplemental Educational Opportunity Grant
- Other Title IV assistance
- State Tuition Assistance Grants (if applicable)
- Private and institutional aid
- The Student

After applying Title IV aid to outstanding balances or other remaining institutional costs, Glitz School of Cosmetology is authorized to return any excess funds to the separate

funds in the order previous described in this section. A copy of the institutional R2T4 work sheet performed on your behalf is available through the office upon student request.

Student Overpayments

Any amount of unearned grant funds that a student must return directly is called an overpayment. A student must make arrangements with the school and/or the Department of Education to return the unearned grant funds; failure to do so will result in ineligibility of additional Title IV aid.

Glitz School of Cosmetology will issue an overpayment notice to the student within 30 days from the date of the school's determination of the student's withdrawal, giving the student 45 days to either:

- Repay the overpayment in full to Glitz School of Cosmetology OR
- Sign a repayment agreement with the U.S. Department of Education.

Student Responsibilities

Returning unearned Title IV program funds disbursed to the student which the student was determined to be ineligible based on the Return of Title IV Funds calculation.

Post Withdrawal Disbursement

If you did not receive all of the funds that you earned, you may be due a post-withdrawal disbursement. If your post-withdrawal disbursement includes loan funds, Glitz School of Cosmetology must get your permission before it can disburse them. You may choose to decline some or all of the loan funds so that you don't incur additional debt. Your school may automatically use all or a portion of your post-withdrawal disbursement of grant funds for tuition, fees, and room and board charges (as contracted with the school).

Glitz School of Cosmetology needs your permission to use the post-withdrawal grant disbursement for all other school charges. If you do not give your permission you will be offered the funds. However, it may be in your best interest to allow the school to keep the funds to reduce your debt at the school.

If you have questions about your Title IV program funds, you can call Federal Student Aid Information Center at 10-800-4-FEDAID (1800-433-3243), TTY users may call: 1-800-730-8913. Information is also available on Student Aid on the Web at www.studentaid.ed.gov.

Withdrawal Policies

A student who is rejected, expelled, or otherwise terminated from the school will be notified in writing. All cancellations and withdrawals on the student's part must be submitted in writing. The cancellation date will be determined by the date on the postmark or the day the notification is delivered to the school in person. The contract of a student who is absent for fourteen calendar days without contacting the school will be considered terminated and the student will be withdrawn. For purposes of determining the amount of the refund, the date of the student's withdrawal shall be deemed the last date of recorded attendance. For the purpose of determining when the refund must be paid, the student shall be deemed to have withdrawn at the end of the 14-day period. A withdrawal fee of \$150.00 will apply to all contract terminations that occur after the three-day cooling period.

Official Withdrawals:

In order to officially withdraw from Glitz School of Cosmetology, students must submit a written notification to the school director.
