RECITAL CHOREOGRAPHY

Recital choreography is still being taught.

Our students are hard at work learning their routines that they will perform in our June Recital.

CLOSING CLASS ROOM BLINDS

You may have noticed that the blinds have been closed when students are working on their routines. This is to help our students maintain focus when learning choreography. Blinds will be open the last week of every month for you to observe your dancer's recital routine and all of their hard work!

- One adult per dancer inside the studio.
