“Dance Lessons, Teach Life Lessons”

a moment with
Ms. Amanda

B.S. IN EARLY CHILDHOOD EDUCATION,
DANCE TEACHER, TAKE FIVE ALUMNA

At Take Five Dance Academy we teach more than just dance lessons; we teach life lessons. We understand that that can be a loaded statement but we believe in it whole-heartedly.

Since April of 1991 we have seen the impact that good dance training and a quality studio can have on our students. From our students who have graduated and have gone on to have professional dance careers, have attended college, gone into the service industry and every child in between, all of our students have benefited from dance. More importantly, they learned about life and the contributions that dance can bring to it.

This month we asked our students, faculty, and alumna

“What has dance taught you?”

Ms. Marianne

Take Five Dance Academy Director

Dance has taught me how important it is to do things that you love and are passionate about. If you don't, you're going to live your whole life never as happy as you can be. Find something that you love and make a career out of it.

Ms. Nicole

Take Five Teacher, Alumna 2005

The lesson of perseverance is something I learned in dance and use every day. Learning how to dance takes a lot of hard work and effort to get it right.

When I was younger, I would go home and practice a lot. Accomplishing dance skills and showing my teacher was very rewarding. That feeling of accomplishment is encouraging and inspiring. Today, I enjoy watching my students work hard to reach their dance goals.

Kelsey Karcher

Take Five Alumna 1998

A dance education isn't just about the steps you learn - far from it. Through my years in dance, I learned the core values of hard work, perseverance, collaboration, and patience for my fellow company members, my teachers and myself.

I learned how to represent a team, studio and myself on stage - skills that are crucial to success in higher education, my career and the adult world. Most importantly I learned to say "I'm not able to do that yet" with the confidence that my diligence, dedication, and discipline were fostered by compassionate and encouraging teachers.

I wouldn't trade a second of my dance education for anything in the world. I truly believe I am who I am today because of it.

*In 5, 10 or 15 years from now,
what will dance have taught you?*

*We look forward to seeing the positive
impact that Take Five Dance
will have on your life.*

Cary Casler

Take Five Alumna 2019

Dance has taught me so much more than how to do a leap or an aerial. It has taught me to be confident and how to manage my time. I've gotten great at time management and it's definitely helping me in college.

Most importantly, dance has taught me the significance of community. Take Five has provided me with countless friends and people I will have in my life forever. I know I can always come home to Take Five and be among family!

Jourdyn Dinbokowitz

Take Five Dance Senior Dancer

Taking risks can be scary but dance has taught me to face challenges and persevere.

Things may turn out differently than you thought. However, you never know what you can accomplish unless you try.
