

TAKE FIVE DANCE ACADEMY

June Recital 2022
West Point High School

Dear Dancers, Families and Friends,

Welcome to Take Five Dance Academy's 31st annual production. The show you are about to see is a celebration of the hard work, dedication and enthusiasm by our students. Whether their stepping on stage for the first time or it's their graduating performance, our dancers are excited to share their love for dance with you!

Our mission is to "Enrich Lives through Dance." It is the basis for every decision made at Take Five Dance Academy. Our dedication is founded in excellence, professionalism, self-worth and community. We are proud of what we have built through the years. Our studio impacts over 800 students each week and has changed the lives of tens of thousands over the years.

During the last eleven months, throughout the studio on any given day, you can feel the energy and excitement from our dancers. You can see their commitment and dedication to their dance classes and training. The respect and love they have for their teachers is evident when we see their eyes light up with joy; reaffirming the fact that the performing arts are important to your children. Dance is important!

Being a dancer is about expressing one's self through movement. It is about building confidence and poise, having courage. Being a dancer at TFDA is about building lasting bonds of friendship and having the satisfaction of working hard towards achieving goals and dreams. It is about having a loving and supportive community of Take Five Dance staff, faculty and families that care about one another.

We want to thank each and every one of you for sharing your children with us. We love them and are delighted to watch them grow in dance, becoming kind, loving young adults. As we stand backstage, we are cheering them on with our hearts full of pride.

Enjoy the show!

Teachers' Assistants & Demonstrators

Star Leadership is a mentorship program for students who wish to become stronger leaders in our school and in our community. The class is a youth leadership training course, designed for Take Five Dance Academy, because we are passionate about growing young leaders. Dancers that are chosen to be Teacher Assistants and Demonstrators are participants in this program.

The curriculum focuses on themes of gratitude, giving, public speaking, positive self-image, respect, time management, budgeting money and many other topics that are valuable in leadership development. In addition, we incorporate a continued education component that advises and counsels our Star Leaders on pathways to college or further education goals beyond high school.

We are proud of the young leaders that are growing up at our school.
