

Get Your Flu Vaccine

Protect yourself and your family from the flu this season with a flu vaccine.

Sutter Health Plus covers flu vaccines with no member copayment.

Flu vaccines can help you avoid the flu, or help shorten the time you are sick if you get the flu. The vaccine is particularly important for those at high risk of severe complications from the flu, such as pregnant women, children under age five and adults over age 50.

Sutter Health Plus recommends calling your pharmacy or Walk-In Care clinic to make an appointment but it is not necessary. Make sure to show your Sutter Health Plus ID card at the time of service.

For your convenience, flu vaccines are available at the following locations at *no cost*:

Network pharmacies

Sutter Walk-In Care clinics

for members 18 months and older

PCP offices
