

FRWOMB VOTER GUIDE

NON PARTISAN ELECTION
October 23rd to November 7th, 2023

For Mayor:

Steven Meiner #242

His initiatives on reducing crime has already resulted in effectively turning an 8% conviction rate on crime to an 87% conviction rate, making our city safer. We know he is serious about solving crime, homelessness and willing to work across the aisle with all parties involved to solve problems.

Commissioner Group 4

Andres Asion #244

We believe that Andres' problem-solving skills and ability to work across the aisle would be an asset to our city government. He positively impacted our community already by bringing city & and state government and the private sector together to create a culinary program at Miami Beach High without any official position in city hall. Think what he can do if elected.?

Commissioner Group 5

David Suarez #247

David single-handedly (as an outsider) combated to control and/or ban short-term rentals and Airbnb in residential neighborhoods. We feel his intelligence, energy and common sense would be an effective force in our city government.

Commissioner Group 6

Joe Magazine #248

We feel his personal financial background and experience on the planning board would be an asset to our city government and business.
