

YMRA Meeting, July 13, 2024 10:00 AM

Are you a Yucaipa mobilehome resident and concerned about sustaining our affordable housing and our mobile home community lifestyle? YMRA membership is a great way to start.

Dear YMRA Members,

Join us for our upcoming meeting this month where we anticipate a special address from Chris Venable, City Councilman for District 2. He will be sharing valuable insights on various subjects, contingent upon his scheduled City Hall meeting.

In the event that Councilman Venable is unable to attend, our meeting will transform into an open forum. During this session, we will focus on the crucial task of forming a nominating committee for new board members. As the current board's tenure concludes at the year's end, we are actively seeking passionate nominees to fill these important positions. YMRA has been serving our mobilehome community parks for over 33 years, addressing challenges and supporting mobilehome residents. However, without volunteers, YMRA faces the risk of ceasing its vital services.

Your participation is vital as we strive to sustain our affordable housing and preserve our mobilehome lifestyle. We look forward to your attendance and active engagement in shaping the future of our community. "Alone we can do so little; together we can do so much".
