

YMRA Meeting , June 8, 2024 10:00 AM.

Are you a resident of a mobile home park in the beautiful City of Yucaipa? Are you concerned about sustaining our affordable Housing, our mobile home community lifestyle and learning what to do when a catastrophic event occurs?

Trevor Benson, CERT Community Response Team, will be addressing the YMRA community at this month's meeting sharing Disaster Preparedness, Fire, Safety and Utility controls. These subjects and more are taught to volunteers during a CERT course. YMRA encourages all to attend this special meeting. When a severe earthquake occurs, our mobile homes may shift off the supports or there may be a fire. We all need to know how to take care of our neighbors and ourselves.

Join us at YMRA as we advocate for clear communication and education to tackle the challenges within our mobile home parks. Whether you're a resident, park owner, part of the management team, or simply a concerned citizen, your involvement is crucial. Let's collaborate to cultivate a community where everyone feels informed, empowered, and valued.
