## About Us

---

Asami Foods is a Florida based oriental broad line foodservice distributor and seafood processor. Our company specializes in Japanese, Sushi, and Thai products. We work directly with our manufacturers, producers, farmers and fishing co-op boats throughout the world to insure freshness, quality and consistency. Asami's attention to freshness and quality products is the foundation of our success. Among the imported and domestic products are fresh seafood, frozen seafood, frozen foods, vegetables, and dry goods.

Asami seafood arrives fresh daily from our coop of fishermen to Miami Florida processing facility to be inspected and processed according to our client's specification. Our fishermen are held to the highest standards in environmental, sustainability and handling standards. All regulated guidelines under HACCP and NOAA Fisheries, which must be adhered.
